**P. J. Casey**

## **Carausius And Allectus The British Usurpers:**

**Carausius and Allectus** P J Casey,2005-11-03 This extraordinary episode in the history of Roman Britain has been brilliantly pieced together by John Casey through a painstaking and at times detective like sifting of the literary archaeological and numismatic evidence *Carausius and Allectus* P. J. Casey,2003 **Emperors and Usurpers in the Later Roman Empire** Adrastos Omissi,2018-06-28 One of the great maxims of history is that it is written by the victors and nowhere does this find greater support than in the later Roman Empire Between 284 and 395 AD no fewer than 37 men claimed imperial power though today we recognize barely half of these men as legitimate rulers and more than two thirds died at their subjects hands Once established in power a new ruler needed to publicly legitimate himself and to discredit his predecessor overt criticism of the new regime became high treason with historians supressing their accounts for fear of reprisals and the very names of defeated emperors chiselled from public inscriptions and deleted from official records In a period of such chaos how can we ever hope to record in any fair or objective way the history of the Roman state Emperors and Usurpers in the Later Roman Empire is the first history of civil war in the later Roman Empire to be written in English and aims to address this question by focusing on the various ways in which successive imperial dynasties attempted to legitimate themselves and to counter the threat of almost perpetual internal challenge to their rule Panegyric in particular emerges as a crucial tool for understanding the rapidly changing political world of the third and fourth centuries providing direct evidence of how in the wake of civil wars emperors attempted to publish their legitimacy and to delegitimize their enemies The ceremony and oratory surrounding imperial courts too was of great significance used aggressively to dramatize and constantly recall the events of recent civil wars the narratives produced by the court in this context also went on to have enormous influence on the messages and narratives found within contemporary historical texts In its exploration of the ways in which successive imperial courts sought to communicate with their subjects this volume offers a thoroughly original reworking of late Roman domestic politics and demonstrates not only how history could be erased rewritten and repurposed but also how civil war and indeed usurpation became endemic to the later Empire [Imperial Rome AD 284 to 363](#) Jill Harries,2012-03-07 This book is about the reinvention of the Roman Empire during the eighty years between the accession of Diocletian and the death of Julian *Biographical Memoirs of Fellows, VII* Ron Johnston,2008-12-25 Seventeen obituaries of recently deceased Fellows of the British Academy Shackleton Bailey James Barr William Beasley Lord Blake Julian Budden Lord Bullock Robert Carson Laurence Cohen Charles Feinstein Henry Gifford Peter Holt Emrys Jones Robert Megarry Edward Oates Maurice Wiles Brian Woledge Austin Woolrych **The Numismatic Chronicle** ,1890 The rules of the Numismatic Society of London bound with New Ser v 1 *The American Journal of Archaeology and of the History of the Fine Arts* ,1890 **The Oxford Dictionary of Late Antiquity** Oliver Nicholson,2018-04-19 The Oxford Dictionary of Late Antiquity is the first comprehensive reference book covering every aspect of history culture religion and life in Europe the

Mediterranean and the Near East including the Persian Empire and Central Asia between the mid 3rd and the mid 8th centuries AD the era now generally known as Late Antiquity This period saw the re establishment of the Roman Empire its conversion to Christianity and its replacement in the West by Germanic kingdoms the continuing Roman Empire in the Eastern Mediterranean the Persian Sassanian Empire and the rise of Islam Consisting of over 1 5 million words in more than 5 000 A Z entries and written by more than 400 contributors it is the long awaited middle volume of a series bridging a significant period of history between those covered by the acclaimed Oxford Classical Dictionary and The Oxford Dictionary of the Middle Ages The scope of the Dictionary is broad and multi disciplinary across the wide geographical span covered from Western Europe and the Mediterranean as far as the Near East and Central Asia it provides succinct and pertinent information on political history law and administration military history religion and philosophy education social and economic history material culture art and architecture science literature and many other areas Drawing on the latest scholarship and with a formidable international team of advisers and contributors The Oxford Dictionary of Late Antiquity aims to establish itself as the essential reference companion to a period that is attracting increasing attention from scholars and students worldwide

*Athenaeum and Literary Chronicle* ,1890     **The British Numismatic Journal** British Numismatic Society,2006     **THE NUMISMATIC CHRONICLE, AND JOURNAL OF THE NUMISMATIC SOCIETY.** JOHN EVANS, D.C.L., F.R.S., V.P.S.A., W.S.W. VAUX, M.A., F.R.S., AND BARCLAY V. HEAD,1877     *The Numismatic Chronicle, and Journal of the Numismatic Society* ,1877     **American Journal of Archaeology** ,1890     **The Monetary System of the Romans** Ian J. Sellars,2013-10-28 The Monetary System of the Romans provides a comprehensive and visual portrayal of the evolution of the Roman monetary system from its inception in the late fifth century BC to the bronze reform of Anastasius in 498AD It chronologically traces the key developments in the coinage of the Roman world covering topics such as denominations metrology alloys mints monetary edicts and more For every issuing authority whether it be the Senate imperator usurper or emperor exemplary specimens of each denomination are discussed and clearly illustrated With 820 pages and over 2000 full colour high resolution photographs from the world s most esteemed auction houses this novel format provides a comprehensive introduction to the subject of Roman numismatics and will be useful to both students of history and collectors alike     *The Athenaeum* ,1890     *Oxford and Oxford Life* Joseph Wells,1892     *The Athenaeum* James Silk Buckingham,John Sterling,Frederick Denison Maurice,Henry Stebbing,Charles Wentworth Dilke,Thomas Kibble Hervey,William Hepworth Dixon,Norman Maccoll,Vernon Horace Rendall,John Middleton Murry,1890     **The Romano-British Peasant** Mike McCarthy,2013-04-30 This important and significant volume examines for the first time the ordinary people of Roman Britain This overlooked group the farmers shopkeepers labourers and others fed the country made the clothes mined the ores built the villas and towns and got their hands dirty in the fields and at the potter s wheel The book aims to rebalance our view of Roman Britain from its current preoccupation with archaeologically visible elite social classes

and the institutions of power towards a recognition that the ordinary person mattered It looks at how people earned a living family size and structure social behaviour customs and taboos and the impact of the presence of non locals and foreigners using archaeology texts and ethnography It also explores how the natural forces which underlay the use of agricultural land and regional variation in agricultural practice impacted upon the size health and nutrition of the population The Romano British Peasant leads the way towards a greater understanding of ordinary men and women and their role in the history and landscape of Roman Britain This title has been nominated for the 2014 Current Archaeology Best Book Award *Early Peoples of Britain and Ireland: A-G* Christopher Allen Snyder,2008 *The Antiquaries Journal* ,1996
