Care For The Dying:

Compassionate Person-Centered Care for the Dying Bonnie Freeman,2015-02-23 This groundbreaking reference for palliative care nurses is the first to provide realistic and achievable evidence based methods for incorporating compassionate and humanistic care of the dying into current standards of practice It builds on the author s research based CARES Tool a reference that synthesizes five key elements demonstrated to enable a peaceful death as free from suffering as possible Comfort Airway Management Management of Restlessness and Delirium Emotional and Spiritual Support and Self Care for Nurses The book describes step by step how nurses can easily implement the basic tenets of the CARES Tool into their end of life practice It provides a clearly defined plan that can be individualized for each patient and tailored to specific family needs and facilitates caring for the dying in the most respectful and humane way possible **Care of the Dying Patient** David A.

Fleming,John C. Hagan,2010-04-15 Although the need for improved care for dying patients is widely recognized and frequently discussed few books address the needs of the physicians nurses social workers therapists hospice team members and pastoral counselors involved in care Care of the Dying Patient contains material not found in other sources offering advice and solutions to anyone professional caregiver or family member confronted with incurable illness and death Its authors have lectured and published extensively on care of the dying patient and here review a wide range of topics to show that relief of physical suffering is not the only concern in providing care This collection encompasses diverse aspects of end of life care across multiple disciplines offering a broad perspective on such central issues as control of pain and other symptoms spirituality the needs of caregivers and special concerns regarding the elderly In its pages readers will find out how to effectively utilize palliative care services and activate timely referral to hospice arrange for care that takes into account patients cultural beliefs and respond to spiritual and psychological distress including the loss of hope that often overshadows physical suffering The authors especially emphasize palliative care and hospice since some physicians fear that such referrals may be viewed by patients and families as abandonment They also address ethical and legal risks in pain management and warn that fear of overprescribing pain medication may inadvertently lead to ineffective pain relief and even place the treating team at risk of liability for undertreatment of pain While physicians have the ability to treat disease they also help to determine the time and place of death and they must recognize that end of life choices are made more complex than ever before by advances in medicine and at the same time increasingly important Care of the Dying Patient addresses some of the challenges frequently confronted in terminal care and points the way toward a more compassionate way of death

Compassionate Person-centered Care for the Dying ,2015 *Care of the Dying* John Ellershaw,Susie Wilkinson,2011 This title provides professionals who care for the dying with a user friendly guide on how to render the best possible treatment **Caring for the Dying** HENRY. EERSKO-WEISS,2017-07-06 A gentle guide for end of life care aimed at families and caregivers Caring for the Dying describes a whole new way to approach death and dying It explores how the

dying and their families can bring deep meaning and great comfort to the care given at the end of a life Created by Henry Fersko Weiss the end of life doula model is adapted from the work of birth doulas and helps the dying to find meaning in their life express that meaning in powerful and beautiful legacies and plan for the final days The approach calls for around the clock vigil care so the dying person and their family have the emotional and spiritual support they need along with guidance on signs and symptoms of dying It also covers the work of reprocessing a death with the family afterward and the early work of grieving Emphasis is placed on the space around the dying person and encourages the use of touch guided imagery and ritual during the dying process Throughout the book Fersko Weiss tells amazing and encouraging stories of the people he has cared for as well as stories that come from doulas he has trained and worked with over the years The guidance provided can help a dying person their family and caregivers to transform the dying experience from one of fear and despair into one that is uplifting and even life affirming You will see death in a new light and gain a different perspective on how to help the dying It may even change the way you live your life right now *Living with Dying* Dame Cicely M. The Dying Process Julia Lawton,2002-01-04

Taking as its focus a highly emotive area of study The Dying Process draws on the experiences of daycare and hospice patients to provide a forceful new analysis of the period of decline prior to death Placing the bodily realities of dying very firmly centre stage and questioning the ideology central to the modern hospice movement of enabling patients to live until they die Julia Lawton shows how our concept of a good death is open to interpretation Her study examines the non negotiable effects of a patient s bodily deterioration on their sense of self and in so doing offers a powerful new perspective in embodiment and emotion in death and dying A detailed and subtle ethnographic study The Dying Process engages with a range of deeply complex and ethically contentious issues surrounding the care of dying patients in hospices and elsewhere

Approaching Death Institute of Medicine,Committee on Care at the End of Life,1997-10-16 When the end of life makes its inevitable appearance people should be able to expect reliable humane and effective caregiving Yet too many dying people suffer unnecessarily While an overtreated dying is feared untreated pain or emotional abandonment are equally frightening Approaching Death reflects a wide ranging effort to understand what we know about care at the end of life what we have yet to learn and what we know but do not adequately apply It seeks to build understanding of what constitutes good care for the dying and offers recommendations to decisionmakers that address specific barriers to achieving good care This volume offers

a profile of when where and how Americans die It examines the dimensions of caring at the end of life Determining diagnosis and prognosis and communicating these to patient and family Establishing clinical and personal goals Matching physical psychological spiritual and practical care strategies to the patient s values and circumstances Approaching Death considers the dying experience in hospitals nursing homes and other settings and the role of interdisciplinary teams and managed care It offers perspectives on quality measurement and improvement the role of practice guidelines cost concerns and legal issues such as assisted suicide The book proposes how health professionals can become better prepared to care well for those who are dying and to understand that these are not patients for whom nothing can be done
