McCoy, 2017-03-01 There s just something about job hunting It brings out our best and our worst as we try and earn a living while staying true to ourselves On this journey laughter is essential for keeping one s perspective This book cuts through the pomp and circumstance of job hunting and just tells it like it is Half comedy and half self help Job Hunter Road provides some much needed sanity and comic relief for job hunters while asking some tough questions about the state of job hunting today Sh*tty Jobs: The Guide to Surviving a Recession John LaLoggia, 2021-07-08 In 2009 a recent college graduate entered the workforce filled with excitement and optimism He found neither in the aftermath of the 2008 recession He couldn t help but notice the similarities with the 2020 pandemic LaLoggia offers an unfiltered account of his early twenties trying to find a job during a terrible economy while torn between being fulfilled or homeless He offers guidelines for people on how to endure a recession laugh their way through it and come out on the other side with a glimmer of hope He shares his experience working largely for fake companies with misleading job descriptions that in no way fully explain the role or accurately depict what the company truly does Shitty Jobs The Guide to Surviving a Recession is a true story of a shameless young man who will say or do anything to any employer to not move back in with his parents which he eventually does I don t think this book will help anyone Dad I promise I ll read it Mom **Careers in Focus** ,1999 Explores the top twenty five careers in the arts in terms of the nature of the work educational or training requirements getting started advancement possibilities salary employment outlook and sources of more information **Careers** Emily S. Ford, 1883 **Careers for Our Sons** George Henry Williams, 1914 **Encyclopedia of Careers and Vocational Guidance: Career articles, A-C** ,2011 Provides detailed facts and current statistics for over 750 occupations in more than 90 key career fields Contains more than 500 photographs Navigating Careers in Cultural Production Industries: The Case of Stand-Up Comedy Patrick Michael Reilly, 2016 This dissertation investigates patterns of action and decision making patterns by artists with cultural production industries In particular it explores how individuals navigate these uncertain project based fields which are characterized by network forms of organization Drawing from of five years of ethnographic research into stand up comedians in Los Angeles I crafted three chapters that examine participants decision making and social organization The first chapter covers the underlying processes and mechanisms for career development among artists It introduces and defines the model of a layered career In the case of stand up comedy individuals progressively move through three layers Each exhibits its own distinctive organizational bases challenges interactional processes relationship types and rewards While development involves one matriculating through layers it also requires artists to maintain their participation in prior layers because each is ideally suited for different aspects of practice creativity and social support Careers in these contexts

involve building a durable infrastructure rather than a simple passage through discrete statuses The second chapter explores the informal enforcement of intellectual property rights in stand up comedy In particular it focuses on inconsistent sanctioning of joke theft I illustrate that enforcement is loosely coupled to the severity of a transgression and is more dependent to a comedian s disharmonious status especially the incompatibility between high commercial success and low peer esteem Sanctions frequently emerge as a response to one s history of boorish and disrespectful behavior or aloofness The success of these claims which heavily resemble scandal processes depends on the reputations and statuses of relevant actors particularly the accused transgressor the moral entrepreneur behind them and relevant third parties The final chapter explains comedians high rates of persistence during middle and late career stages despite low and diminishing odds for stardom or optimal outcomes I attribute this to this labor market assuming the form of a commitment trap While most entrants have early exits ambiguous feedback surrounding outcomes or prospects and the specificity of their investments lead aspirants to persist Taken together this dissertation illuminates core processes and mechanisms that apply to careers in cultural production industries and in a larger sense other forms of contingent employment
