Carewise For Older Adults Selfcare For Lifelong Health:

CareWise for Older Adults CareWise, Incorporated, 1996-06 **CareWise for Older Adults** Randi Holland, Ginny Smith, Douglas Weiss, Diane V. Young, 1999-05 Healthy Aging Ken Dychtwald, 1999 In *Healthy Aging Challenges and Solutions* the nation's leading experts, researchers, analysts, and educators present their frustrations, findings, insights, and recommendations on what current research reveals about the promise of healthy aging, how we are unprepared for the long-term chronic needs of an aging population, and why we need to rethink how the nation spends health care dollars. Edited by Dr. Ken Dychtwald, one of the nation's foremost visionaries and leading authorities on the aging of America, this anthology will open your eyes to our nation's lack of readiness to meet the staggering health care needs of an aging society and what must be done to head off the fast approaching health care logjam. *Subject Guide to Books in Print*, 2001 Human Resource Executive, 1996-07 The CareWise Guide Ginny Smith, Douglas Weiss, Diane V. Young, 1996-05 *The CareWise Guide*, 1999-05 Healthwise for Life Molly Mettler, Donald W. Kemper, 2003 **The SAGE Encyclopedia of Psychology and Gender** Kevin L. Nadal, 2017-04-15 The SAGE Encyclopedia of Psychology and Gender is an innovative exploration of the intersection of gender and psychology topics that resonate across disciplines and inform our everyday lives. This encyclopedia looks at issues of gender identity and psychological processes at the individual as well as the societal level, exploring topics such as how gender intersects with developmental processes both in infancy and childhood and throughout later life stages, the evolution of feminism and the men's movement, the ways in which gender can affect psychological outcomes and influence behavior, and more. With articles written by experts across a variety of disciplines, this encyclopedia delivers insights on the psychology of gender through the lens of developmental science, social science, clinical and counseling psychology, sociology, and more. This encyclopedia will provide librarians, students, and professionals with ready access to up-to-date information that informs some of today's key contemporary issues and debates. These are the sorts of questions we plan for this encyclopedia to address: What is gender nonconformity? What are some of the evolutionary sex differences between men and women? How does gender-based workplace harassment affect health outcomes? How are gender roles viewed in different cultures? What is third-wave feminism? *Healthwise for Life* Molly Mettler, Donald W. Kemper, 2007 *The Cumulative Book Index*, 1996 A world list of books in the English language **Origins**, 2007 **Self Care in Later Life** Gordon H. DeFriese, Marcia G. Ory, PhD, MPH, 1998-03-01 This volume is uncontestedly the most comprehensive and authoritative work on the subject of self care available to date. It should set the stage for a new policy perspective on building a health care system that incorporates self care at its core. Lowell S. Levin, Yale School of Public Health Practitioners and researchers who work with older adults are challenged to find ways to strengthen an elderly person's capacity to cope with age-related changes that threaten independence. This volume assesses the efficacy of self care in maintaining autonomy. It applies a broad definition of self care that includes a range of behaviors undertaken by individuals, families, and communities to enhance
