Caribbean Festival Arts John Wallace Nunley, Judith Bettelheim, Barbara A. Bridges, 1988 Looks at the history of Caribbean festivals Caribbean Festival Arts ,1988 Caribbean Festival Arts ,1990 Wolf Tracks Peter A. Szok, 2012 Popular art is a masculine and working class genre associated with Panama s black population Its practitioners are self taught commercial painters whose high toned designs vibrant portraits and landscapes appear in cantinas barbershops and restaurants The red devil buses are popular art s most visible manifestation The old school buses are imported from the United States and provide public transportation in Col n and Panama City Their owners hire the artists to attract customers with eye catching depictions of singers and actors brassy phrases and vivid representations of both local and exotic panoramas The red devils boast powerful stereo systems and dominate the urban environment with their blasting reggae screeching brakes horns sirens whistles and roaring mufflers Wolf Tracks analyzes the origins of these practices tying them to rebellious Afro American festival traditions and to the rumba craze of the mid twentieth century During World War II thousands of U S soldiers were stationed in Panama and elaborately decorated cabarets opened to cater to their presence These venues often featured touring Afro Cuban musicians Painters such as Luis The Wolf Evans exploited such moments of modernization to challenge the elite and its older conception of Panama as a country with little connection to Africa While the intellectual class fled from modernization and asserted a romantic and mestizo European indigenous vision of the republic popular artists enthusiastically embraced the new influences to project a powerful sense of blackness Wolf Tracks includes biographies of dozens of painters as well as detailed discussions of mestizo nationalism soccer reggae and other markers of Afro Panamanian identity **Caribbean Festival Arts** Hilde S. Hein, National Museum of Natural History (U.S.), Margery Gordon, Saint Louis Art Museum, St. Louis Art Museum, Brooklyn Museum, 1989 **Carnival** Milla Cozart Riggio, 2004-10-14 This beautifully illustrated volume features work by leading writers and experts on carnival from around the world and includes two stunning photo essays by acclaimed photographers Pablo Delano and Jeffrey Chock Editor Milla Cozart Riggio presents a body of work that takes the reader on a fascinating journey exploring the various aspects of carnival its traditions its history its music its politics and prefaces each section with an illuminating essay Traditional carnival theory based mainly on the work of Mikhail Bakhtin and Victor Turner has long defined carnival as inversive or subversive The essays in this groundbreaking anthology collectively reverse that trend offering a re definition of carnival that focuses not on the hierarchy it temporarily displaces or negates but a one that is rooted in the actual festival event Carnival details its new theory in terms of a carnival that is at once representative and distinctive The Carnival of Trinidad the most copied yet least studied major carnival in the world The Crisis ,1990-12 The Crisis founded by W E B Du Bois as the official publication of the NAACP is a journal of civil rights history politics and culture and seeks to educate and challenge its readers about issues that continue to plague African Americans and other communities of color For nearly 100 years The Crisis has been the magazine of

Arts, 1991 *South Florida Folklife*, 1994-01-01 **Order and Place in a Colonial City** Juanita De Barros, 2003-02-19 The elites saw the city's markets and streets as dirty filled with dangerous non white crowds The poor saw these public places as sites of play and livelihood De Barros shows how these opposing views set the stage for a series of petty disputes and large scale riots The little traditions of Georgetown's multi racial and multi ethnic urban poor helped create a creole view of public spaces articulated in the course of struggle By uncovering the popular cultural patterns that underlay much of this unrest De Barros demonstrates both their place within a larger West Indian cultural paradigm and the emergence of a peculiarly Guianese ritual of protest
