Carl Schmitt And Authoritarian Liberalism

Christopher Adair-Toteff

Carl Schmitt And Authoritarian Liberalism:

Carl Schmitt and Authoritarian Liberalism Renato Cristi,1998 Within Germany Carl Schmitt's status as a political thinker is on a par with Machiavelli and Hobbes With the rise in neo conservatism and authoritarian liberalism in less developed countries such as Chile and Singapore Renato Christi believes Schmitt's theories will become of considerable importance Nazi Third Reich His political theories provide an insight into the nature of Conservatism well as extrapolate possibilities for the future

Carl Schmitt's Theory of State Legitimacy and the Paradox of Authoritarian Liberalism Stephen Morrison,2017 Focuses on Schmitt's paradoxical concept of Authoritarian Liberalism that is first the mix of strong state dirigisme and the maintenance of the market pricing mechanism and further the removal of pluralist interest group politics from penetrating and colonizing what becomes a gridlocked state

A Dangerous Mind Jan-Werner Müller,2003-01-01 Carl Schmitt 1888 1985 was one of the 20th century's most brilliant and disturbing critics of liberalism He was also one of the most important intellectuals to offer his services to the Nazis for which he was dubbed the crown jurist of the Third Reich Despite this fateful alliance Schmitt has exercised a profound influence on post war European political and legal thought on both the right and the left In this study Jan Werner Muller traces the permutations of Schmitt's ideas after World War II and relates them to broader political developments in Europe his key concepts Muller explains why interest in the political theorist continues He assesses the uses of Schmitt's thought in debates on globalization and the quest for a liberal world order He also offers insights into the liberalization of political thinking in post authoritarian societies and the persistent vulnerabilities and blind spots of certain strands of Western liberalism

Carl Schmitt's Critique of Liberalism John P. McCormick,1997 This is the first in depth critical appraisal in English of the political legal and cultural writings of Carl Schmitt perhaps this century's most brilliant critic of liberalism It offers an assessment of this most sophisticated of fascist theorists without attempting either to apologise for or demonise him Schmitt's Weimar writings confront the role of technology as it finds expression through the principles and practices of liberalism Contemporary political conditions such as disaffection with liberalism and the rise of extremist political organizations have rendered Schmitt's work both relevant and insightful John McCormick examines why technology becomes a rallying cry for both right and left wing intellectuals at times when liberalism appears anachronistic and shows the continuities between Weimar's ideological debates and those of our own age

Political Theology after Metaphysics Derek Brown,2023-12-01 In Political Theology after Metaphysics Derek Brown argues that theologians and religious believers should pursue a revolutionary political theology that can address racism sexism and other forms of oppression in practical ways rather than following the sorts of metaphysical theologies that have dominated theological discourse since at least the scholastic period Relying primarily on Marxist and deconstructive critiques of the ideological function of metaphysics the book engages a wide range of classical and contemporary figures including Karl Marx S ren Kierkegaard Carl Schmitt Jacques Derrida James Cone Chantal Mouffe Cornel West Martin H

gglund and Karl Ove Knausg rd These engagements are attentive not only to the ways in which these figures critique or defend metaphysics but also to the ways in which they perform political theologies responsive to those critiques While the so called postmodern critique of metaphysics which Brown problematizes as insufficiently critical of political ideology is often read as a challenge to religion Brown s readings suggest that the deconstructive and Marxist critiques of metaphysics present an opportunity for the reemergence of a historical and politically engaged form of religion **The Dialectics of Democracy** Dimitrios Kivotidis,2024-03-05 This book examines how the democratic form and the struggle for democracy reflects influences and shapes the struggle for social emancipation In the context of increased exploitation rising inequality and intensified struggle for social justice in the aftermath of the economic crisis the channelling of populism through liberal democratic institutions has had contradictory effects giving rise to both Corbyn and Brexit Sanders and Trump Syriza and the Golden Dawn to name but a few How can we make sense of these developments In response this book approaches the idea of democracy from a socialist constitutionalist standpoint and explores institutional forms and principles that challenge and aim at the transformation of the extant social order This process involves the challenging of well established ideas of the liberal viewpoint as well as an unwavering focus on the issue of class rule which enables the highlighting of limitations of not only mainstream but also heterodox contemporary approaches to constitutionalism and democracy Ultimately democracy is conceived as a process of struggle for creating the conditions material as well as intellectual for its actualisation This significant work of legal and political theory will be of considerable interest to those working in these areas to make sense of contemporary developments and to further the causes of social justice and social emancipation **Law as Politics** David Dyzenhaus,1998 Articles previously published in the Canadian journal of law and jurisprudence **The Challenge of Carl Schmitt** Chantal Mouffe,1999-09-17 Schmitt s thought serves as a warning against the dangers of complacency entailed by triumphant liberalism In this collection of essays Schmitt reminds us that the essence of politics is struggle **The Oxford Handbook of Ordoliberalism** Thomas Biebricher,Werner Bonefeld,Peter Nedergaard,2022 This Handbook provides a comprehensive study of ordoliberalism from the intellectual origins and prime exemplars to its main theoretical themes and practical applications up to the most recent debates taking place across a range of disciplines **Carl Schmitt and the Jews** Raphael Gross,2007 Publisher description **Carl Schmitt** William E. Scheuerman,1999-03-25 This is the first full length study in English of twentieth century Germany s most influential authoritarian right wing political theorist Carl Schmitt that focuses on the central place of his attack on the liberal rule of law This is also the first book in any language to devote substantial attention to Schmitt s subterranean influence on some of the most important voices in political thought Joseph Schumpeter Friedrich A Hayek and Hans Morgenthau in the United States after 1945 Visit our website for sample chapters *Ordoliberalism, Law and the Rule of Economics* Josef Hien,Christian Joerges,2017-12-28 Ordoliberalism is a theoretical and cultural tradition of significant societal and political impact in post war Germany For a long time the theory

was only known outside Germany by a handful of experts but ordoliberalism has now moved centre stage after the advent of the financial crisis and has become widely perceived as the ideational source of Germany's crisis politics. In this collection the contributors engage in a multi-faceted exploration of the conceptual history of ordoliberalism, the premises of its founding fathers in law and economics, its religious underpinnings, the debates over its theoretical assumptions and political commitments, and its formative vision of societal ordering based upon a synthesis of economic theories and legal concepts. The renewal of that vision through the ordoliberal conceptualisation of the European integration project, the challenges of the current European crisis, and the divergent perceptions of ordoliberalism within Germany and by its northern and southern EU neighbours are a common concern of all these endeavours. They unfold interdisciplinary affinities and misunderstandings, cultural predispositions and prejudices, and political preferences and cleavages. By examining European traditions through the lens of ordoliberalism, the book illustrates the diversity of European economic cultures and the difficulty of transnational political exchanges in a time of European crisis.

[The Idea of Economic Constitution in Europe](#), 2022-06-08

Behind the controversies that have marked the history of the idea of Economic Constitution emerges the highly political issue of the room for manoeuvre left to public authorities in the economic sphere. The notion thus encapsulates a fundamental tension between democracy and rule of law, which model of legal ordering of the economy should prevail. From physiocrats to neo-liberals, from the Weimar Republic to European integration, from national constitutions to Global Governance, this collective book invites us to explore the genealogy of the controversial concept of Economic Constitution. The result of this interdisciplinary dialogue is a comprehensive reflection on the legal and political issues at stake in the current constitutionalization of the market order in Europe.

Contributors are: Philippe Steiner, Guillaume Grigoire, Hugues Rabault, Peter C. Caldwell, Thomas Biebricher, Werner Bonefeld, Serge Audier, Vincent Valentin, Pieter van Cleynenbreugel, Xavier Miny, Frédéric Marty, Claire Mongouachon, Hans Wolfgang Micklitz, Francesco Martucci, Michael Wilkinson, Hjalte Lokdam, Susanna Maria Cafaro, Peter Lindseth, Cristina Fasone, Pierre Nihoul, François Colly, Peter Christian Müller, Graff Tony, Prosser Damien, Piron Mahmoud, Mohamed Salah, Stephen Gill, Thibault Biscarie, Sébastien Adalid, and Christian Joerges. *Derrière les controverses qui jalonnent l'histoire de l'idée de Constitution économique se profile la question fondamentalement politique de la marge de manœuvre laissée aux autorités publiques dans la sphère économique. La notion cristallise ainsi une tension fondamentale entre démocratie et état de droit, quel doit être le modèle d'organisation et d'ordonnement juridique de l'économie. Des physiocrates aux néolibéraux de la République de Weimar à l'intégration européenne, des constitutions nationales à la Global Governance, cet ouvrage collectif nous invite désormais à explorer la généalogie du concept politique de Constitution économique. Les auteurs ouvrent alors, à travers un dialogue interdisciplinaire constant, une réflexion globale autour des enjeux juridiques et politiques du processus actuel de constitutionnalisation de l'ordre de marché en Europe.*

Constituent Power Matilda Arvidsson, 2020-08-18

With a strong focus on constitutional law, this book examines the legal and political power of the people

in constitutional democracies **In Defense of the State** Scott Ross Koon,2005 History of Political Thought ,2007

Schmitt on Sovereignty and the State of Exception Christopher Adair-Toteff,2025-06-07 This Palgrave Pivot offers a balanced and impartial commentary on one of the most important of the early writings by the German legal scholar Carl Schmitt The book is known mostly by its title Politische Theologie but Schmitt s subtitle indicated that his book was on more than political theology but was focused on conceptions of sovereignty authority and the state of exception The author shows how the Politische Theologie published in 1922 clearly formulated Schmitt s thinking regarding decisionism dictatorship and sovereignty and how these notions intertwined to propose a governmental model opposed to parliamentary democracy The book illuminates Carl Schmitt s role in theorising the state of exception as he engaged in debates with those who contended that democratic principles were crucial Schmitt insisted there needs to be a sovereign individual whose authority provides an immediate decision to the state of exception This book will be of interest to scholars of legal and political philosophy as well as those interested broadly in ideas of classical liberalism wartime political economy authoritarianism and socio economic influences on legal thinking **The Muslim World Book Review** ,2000 Jurisprudence of Sovereignty C. U. Anyanwu,2006 **The Autonomy of the Political** Eckard Bolsinger,2001-03-31 In sharp contrast to dominant moral approaches to political theory Bolsinger defends political realism as an analytically valuable type of political thought Believing that current theories are inadequate for understanding the violent character of modern politics he sets forth the lessons to be learned by reexamining the realist thinking of Carl Schmitt and Lenin
