Frederica Pratter, 2015-06-06 CARLOS GARDEL VOLVER To Return The Carlos Gardel story is told in 29 colorful chapters that are like scenes in a period movie set in the era of tango 1900 1935 in Buenos Aires Barcelona Madrid Paris and New York It is dedicated to Carlos Gardel El Zorzal The Songbird of Buenos Aires who for many of his admirers has become an almost quixotic obsession and who to this day is a charismatic hero as popular in Argentina as Evita Peron or Jesus Out of poverty stricken immigrant existence Carlos Gardel the poor Morocho Del Abasto Dark Eyed Kid from Abasto became South America s most charismatic interpreter of the tango cancion a wildly popular film star and was crowned the Tango King in Paris in 1930 He was chosen to replace Rudolf Valentino for Paramount when he tragically died in a plane crash in Medellin Colombia 1935 This page turning historic novel gives us new and sensational insight answering the many puzzling questions about the life of Gardel his motivations and his music For example why and how did the plane crash happen His liaisons with women His life long friendship with men His role in creating the tango cancion His involvement with a rich older woman who financed his films His acting career And the tragic end as the words of the tangos Volver and Mi Buenos Aires Querido are fatefully fulfilled as the beloved Carlitos after the plane crash returns home to Buenos Aires in a coffin and more than thirty thousand are in the streets during his funeral Mi Buenos Aires querido cuando yo te vuelva a ver no habra mas penas ni olvido My beloved Buenos Aires when I see you again I will feel no more pain or oblivion The riveting account of the life and death of the elusive Gardel is based on countless hours of research The book also contains more than 30 translations of the most important tango canciones from lunfardo slang of Buenos Aires which are key to understanding the times and the milieu that created Tango Argentina and the tango cancion It will snow in Buenos Aires before another Gardel is found Cada dia canta mejor *The Passion of Carlos Gardel* Lazaro Droznes, 2010-07-26 A singer impersonating Carlos Gardel sings along with 3 guitar players the unforgettable tangos of LePera Between tangos the singers tells different tales related to the amazing life of Carlos Gardel rendering a vivid image of the life arch of Gardel of the argentine society at those times and the

development of the tango in Argentina and all around the world Each tango has a full translation to English for a full comprehension by English speaking readers *The Life, Music and Times of Carlos Gardel* Simon Collier,1986-01-01

The late nineteenth century witnessed the birth and popularization of a number of highly emotional musical styles that played on the eagerness of modern Europeans and Americans to toy with the limits of sanity and to taste the ecstasies of living on the edge This absorbing book explores these popular passionate musical styles which include flamenco tango and rebetika and points out that they arose as well intentioned intellectuals co opted the emotional experiences most closely associated with women In drawing those experiences out of female practice they defined objectified and turned them into strategies of domination the deepest impact of which was felt ironically by modern women In bridging anthropology sociology cultural media body and gender studies this book broadens the base of theory which has ignored the transnational world of Latin and Mediterranean popular culture and makes a powerful statement about the intersection of nationalism sexuality identity and authenticity

HORACIO SALGÁN - TANGO COURSE Horacio Salgán,2020-06-10 Writing this Tango Course is both an obligation and a great pleasure for me It is an obligation because I would like to contribute something of all the things that I owe in return as an appreciation of having been fortunate enough to educate myself in the Orchestras where I learned to play Tango The Orchestras were a crucible where the ideas of its members and or other creative musicians experimented played and came together to create playing styles rhythmic forms etc These contributions were what took the Tango little by little to such a high musical level Nowadays it is not at all easy to belong to an Orchestra considering the fact that so few can subsist This makes it more difficult for those who want to have careers in Tango music to acquire the vast knowledge necessary for playing and interpreting it Let us not forget that the Orchestras have always been the best schools for such an apprenticeship It is also a great pleasure to be able to transmit and share that what I have learned trying always not to leave anything out

that is my real intention by relying on my memory which fortunately still helps me I never intended for my conclusions to be taken as the absolute truth nor wanted to win something over anyone in anything This course just shows my position and the ideas with which I have always worked We will deal here with the Tango in versions which in my understanding are genuine manifestations of itself I love the Tango because I love good music and I got into it to learn to play it not to change it If my versions and arrangements have something different about them it is only because this is my language and I have expressed myself through it I will also talk about the incorporation of new contributions and changes as long as they are authentic within the genre The many streams of opinion may or may not coincide with what will be said in this course Considering the broadness of the theme and the flexibility which should govern artistic creation other concepts may prove constructive as well I sincerely hope that this course will be useful to someone
