You don't need theory. You need calls. I wrote this for local owners who want a clear path to show up in Google Maps and organic search, then turn visitors into booked jobs. Here's the order of operations you'll follow: Google Business Profile, categories, services, photos, and the small edits that move you to the short list. Money pages, a phone-first layout, one offer, and proof that answers. Why you in seconds. Internal links, a simple loop that guides people to your best pages without hiding the contact button. Reviews, what to ask for, when to ask, and how to show them so they build trust. Content that earns clicks, short answers to real questions, customers ask before they call. Links and citations, how to get the ones that count, clean up bad records, and ignore the noise. Multi-location basics, what belongs on each location page, and how to avoid copy-paste junk. Programmatic guardrails, scale pages without tripping quality filters. You'll also get a 90-day plan with weekly steps, quick-win checklists, and snapshots from real businesses. The tone is plain English. Short paragraphs, clear headings, and screenshots you can copy from. This book is for you if:
