

# HOW TO BUDGET ON A LOW INCOME

## 01 Prioritize Expenses

Always pay necessities first, including food, housing, utilities and transportation. Pay no other expenses until these are taken care of.

## 02 Cut Costs

Temporarily cut out all non-necessities such as eating out, personal spending, vacation, recreation, etc. The goal is to get caught up and a plan in place.

## 03 Set a Budget

Break the paycheck to paycheck cycle by carefully and strategically making a written budget every month before the month begins. Plan every single dollar on paper.

## 04 Use Cash to Save

Research shows when we use cash we behave differently with money. Cash budgeting is especially helpful for budget categories you tend to overspend on.

There must be a new way, a simple way, a comprehensible and comprehensive way to have a purposeful discussion with regard to federal priorities and spending. This book is about setting federal spending priorities with a rational basis in the rule of law. We need a reasonable way to develop an agreed-upon, codified consensus of our increasingly expensive and continuously expansive, unsustainable federal spending. With regard to the federal budget and our national debt, the detailed conversation that we must have as a nation is not taking place. Neither Democrats nor Republicans seem to be capable of showing the requisite leadership on federalist, constitutionally derived budget priorities. There needs to be a comprehensible unifying idea in order to jump start focus and keep the discussion moving forward to eventually bring a constitutional focus back to federal spending. The purpose of this book is to suggest a metaphor which could easily be employed to catalyze the most serious discussion of our time: our ruinous national finances, both in terms of budget outlays and our national debt. A comprehensible unifying idea in order to start focus and keep the discussion going to bring a constitutional focus back to federal spending is required. The idea is represented by the common traffic signal: Red means stop, Yellow means caution, and Green means go. The goal is to get Americans thinking about federal spending in terms of Red, Yellow, and Green.
