## **African Caribbeans:**

**African Caribbeans** Alan West-Durán,2003-03-30 The African Diaspora left an indelible imprint on Caribbean countries and islands This reference the only broad historical and cultural survey of the black experience in the Caribbean celebrates the Afro Caribbean diversity of the countries it profiles Each of the 15 chapters introduces a country island or group of islands providing an overview from the arrival of slaves to the current situation Topics include history economy politics social stratification race relations cultural highlights religion and notable figures Readers will discover the broad range of languages political systems racial makeup historical uniqueness and cultural offerings that shape the Caribbean A chronology glossary and photos enhance the text

**Relations Between Africans, African Americans and Afro-Caribbeans** Godfrey Mwakikagile,2007 Africans African Americans and Afro Caribbeans also known as West Indians and how they relate to each other are the focus of this study Tensions which exist between a significant number of Africans and Afro Caribbeans in Britain between Jamaicans and Nigerians and others is one of the subjects addressed in the book The author also looks at how members of these groups cooperate in a number of areas but concedes that even in the absence of overt or covert hostility between them there is indifference towards each other in many cases There are many other subjects covered in the book about these communities including the impact of African independence on the civil rights movement in the United States The author has focused on Britain and the United States Both countries have large numbers of African and Afro Caribbean West Indian immigrants

*Afro-Caribbean Immigrants and the Politics of Incorporation* Reuel R. Rogers,2006-04-24 This book examines the political behavior of Afro Caribbean immigrants in New York City to answer a familiar but nagging question about American democracy Does racism still complicate or limit the political integration patterns of racial minorities in the United States With the arrival of unprecedented numbers of immigrants from Asia Latin America and the Caribbean over the last several decades there is reason once again to consider this question The country is confronting the challenge of incorporating a steady substantial stream of non white non European voluntary immigrants into the political system Will racism make this process as difficult for these newcomers as it did for African Americans The book concludes discrimination does interfere with the immigrants adjustment to American political life But their political options and strategic choices in the face of this challenge are unexpected ones not anticipated by standard accounts in the political science literature

**Strategies for Success among African-Americans and Afro-Caribbeans** Chrystal Y. Grey,Thomas Janoski,2017-12-18 How can African Americans and Afro Caribbeans from the former British colonies be so different in their approaches toward social mobility Chrystal Y Grey and Thomas Janoski state that this is because native blacks grow up as strangers in their own country and immigrants from the English speaking Caribbean are conversely part of the dominant group Unlike previous research that compares highly educated Afro Caribbeans to the broad range of African Americans this study holds social class constant by looking only at successful blacks in the upper middle class from both groups This book

finds that African Americans pursue overachievement strategies of working much harder than others do while Afro Caribbeans follow an optimistic job strategy expecting promotions and success However African Americans are more likely to use confrontational strategies if their mobility is blocked The main cause of these differences is that Afro Caribbeans grow up in a system where they have many examples of black politicians and business leaders 35 90% of their countries are black and African Americans have fewer role models 12 14% of the United States are black Further the schooling system in Afro Caribbean countries does not label blacks as underachievers because the schools are almost entirely black A further problem that African Americans face is the resentment of a small but significant number of blacks who have little social mobility They accuse socially mobile African Americans of acting white which is a phenomenon that Afro Caribbeans almost never face and they call it an African American thing To demonstrate this difference Strategies for Success among African Americans and Afro Caribbeans does a historical comparative analysis of the differences between the black experience after slavery in the United States and Jamaica Trinidad and Tobago Guyana and St Kitts Nevis The authors interview fifty seven black people and find consistent differences between the US and Caribbean black citizens Using theories of symbolic interaction and resentment this work challenges previous studies that either claim that Afro Caribbeans are more motivated than African Americans or studies that show that controlling for class each group is more or less the same

**Relations Between Africans, African Americans and Afro-Caribbeans: Tensions, Indifference and Harmony** Godfrey Mwakikagile, 2023-05-18 This is the second edition and an expanded version of the first one The work examines relations between Africans African Americans and Afro Caribbeans and the problems they face when they interact and how they see each other It also looks at what unites them and what separates them Relations between members of these groups which are sometimes described as distinct ethnic groups are characterised by tensions harmony and indifference towards each other in spite of their common identity as a people of African origin The author explains why This edition includes new material and complements the author's other works Relations Between Africans and African Americans Misconceptions Myths and Realities and Africans and African Americans Complex Relations Prospects and Challenges

**Clinical Topics in Cultural Psychiatry** Rahul Bhattacharya, Sean Cross, Dinesh Bhugra, 2010-05 This book offers practical advice on the role that cultural factors play in the way psychiatric symptoms are presented to clinicians
