## **African Stakes Of The Congo War:**

**The African Stakes of the Congo War** J. Clark,2002-09-13 The African Stakes in the Congo War analyzes the Congo conflict by looking at the roles played by various states and factors in the conflict Part I introduces the conflict by showing the historical and regional context of the war Part II examines those states and groups that worked to support the Kaliba regime Part III examines the rebel groups working to overthrow Kabila and those intervening on their behalf Part IV looks at the role of supposedly neutral states such as South Africa and looks at the social and economic effects of the war by examining trans state factors such as rebel groups arms trading and economic consequences The collection includes both African and US UK scholars and covers the recent transfer of power from Laurent to Joseph Kabila

**The Congo Wars** Doctor Thomas Turner,2010-01-01 Since 1996 war has raged in the Congo while the world has looked away Waves of armed conflict and atrocities against civilians have resulted in over three million casualties making this one of the bloodiest yet least understood conflicts of recent times In The Congo Wars Thomas Turner provides the first in depth analysis of what happened The book describes a resource rich region suffering from years of deprivation and still profoundly affected by the shockwaves of the Rwandan genocide Turner looks at successive misguided and self interested interventions by other African powers including Uganda Angola Zimbabwe and Namibia as well as the impotence of United Nations troops Cutting through the historical myths so often used to understand the devastation Turner indicates the changes required of Congolese leaders neighbouring African states and the international community to bring about lasting peace and security

*Subnationalism in Africa* Joshua Forrest,2004 This examination of the politics of ethnicity and nation building in Africa stresses the trend towards subnationalist autonomy and away from a singular state centric system based on the Western model Forrest ranges across the continent to explore a variety of subnational movements

*Civil Wars of the World* Karl DeRouen Jr.,Uk Heo,2007-05-10 This unique two volume reference is the most authoritative up to date resource available for information and data on the most volatile civil wars around the globe since World War II At a time when historians are devoting more and more research to conflicts within nations Civil Wars of the World Major Conflicts since World War II is an invaluable addition to the available resources In two volumes it ranges around the globe to cover the most volatile and deadly civil wars of the past 60 years including the bloody impasses in the Middle East devastating tribal warfare in Africa Cold War fueled conflicts in Eastern Europe and Asia the seemingly unbreakable cycle of rebellion and repression in some regions of Latin America and more Civil Wars of the World moves country by country to describe the causes course and consequences of internal conflicts within each nation Coverage includes the historical background of each country geographic and economic factors descriptions of rebel groups and governments e g regime type size of military capacity terrorism foreign and or intergovernmental organization IGO intervention UN foreign support for rebels foreign aid and prospects for peace

*Routledge Handbook of African Security* James Hentz,2013-08-22 This new Handbook examines the issues challenges and

debates surrounding the problem of security in Africa Africa is home to most of the world's current conflicts and security is a key issue However African security can only be understood by employing different levels of analysis the individual human security the state national state security and the region regional international security Each of these levels provides analytical tools for understanding what could be called the African security predicament and these debates are animated by the new security issues immigration small arms transfers gangs and domestic crime HIV AIDS transnational crime poverty and environmental degradation African security therefore not only presents concrete challenges for international security but provides a real world context for challenging conventional conceptions of security Drawing together contributions from a wide range of key thinkers in the field the Routledge Handbook of African Security engages with these debates and is organized into four parts Part I The African security predicament in the twenty first century Part II Understanding conflict in Africa Part III Regionalism and Africa Part IV External influences This Handbook will be of great interest to students of African politics human security global security war and conflict studies peacebuilding and IR in general

**African Security** John Siko,Jonah Victor,2020-03-19 The world's fastest growing continent demographically Africa displays nearly all the features of today's global security challenges armed conflict terrorism irregular migration organized crime great power competition public discontent and economic turbulence John Siko and Jonah Victor present their lessons from professional practice and pedagogical approach from the classroom in a concise guidebook that leads students and professionals through the most important issues dynamics challenges and considerations for analysing and planning responses to security developments in Africa This book provides issue by issue primers on the causes and consequences of Africa's security challenges that include how to anticipate security problems across current political and economic events how to analyse African security institutions and military capabilities how to understand historical trends across the African continent and appreciate unique variations among countries how to identify key drivers of future trends how to connect security analysis to policy planning Learning is supported through the following features Thematic chapters which are optimized to help the reader quickly connect to the key concepts and analytic frameworks within the field The most relevant historical case studies enabling students to engage in sophisticated analysis and discussion Connections and contrasts between the situations in North Africa and sub Saharan Africa which are traditionally studied separately Special sections on understanding race and ethnicity and advice on traveling in Africa Chapter end checklists of key questions to enable practical engagement with the topics covered

**The Democratic Republic of Congo** Michael Wallace Nest,François Grignon,Emizet F. Kisangani,2006 Explores the operational challenges that the war economy posed and continues to pose for peace operations and reconstruction efforts in the Democratic Republic of Congo

*African Guerrillas* Morten Bøås,Kevin C. Dunn,2007 At the center of many of Africa's violent conflicts are movements that do not seem to fit any established theories of armed resistance African Guerrillas offers new models for understanding these movements eschewing one dimensional explanations

The authors build on and in some cases debate the insights provided in Christopher Clapham's groundbreaking work. They find a new generation of fighters, one that reflects rage against the machinery of a dysfunctional state. Their analysis of this phenomenon, combining thematic chapters and a range of representative case studies, is a crucial contribution to any effort to understand Africa's war-torn societies.

**African Renaissance**, 2007      **Security Dynamics in Africa's Great Lakes Region** Gilbert M. Khadiagala, 2006 This edited work explores the sources of conflict in Africa's Great Lakes region as well as local and international attempts to rebuild political authority and reduce the scale of human suffering.

**Rwenzori** Cecilia Pennacini, Hermann Wittenberg, 2008 Africa's most complex and dynamic socio-political environments. The authors interrogate questions of vital concern in African Studies, throwing new light on issues around ethnicity and nation, modernity and tradition, violence and state formation as well.

**From Genocide to Continental War** Gérard Prunier, 2009 process In From Genocide to Continental War, Gérard Prunier describes in precise and chilling detail this massive yet little-known conflict which became known as Africa's First World War. It became a litmus test for the fragile state of the continent as Africans were struggling to usher in a new era as the twentieth century drew to a close.

*Explaining the Failure of Democracy in the Democratic Republic of Congo* Osita George Afoaku, 2005 Divided into two parts, this book traces the remote origins of Congo's current national predicament and the people's protracted quest for democracy and social justice. The author offers a critical analysis of post-Cold War configuration of pro-democracy forces inside the country.

**Africa**, 2004 Includes Proceedings of the Executive Council and List of members also section Review of books

**Tulsa Journal of Comparative & International Law**, 2003      *Corruption and Governance in the DRC* Muzong W. Kodi, 2008 The new government in the DRC is starting to implement its governance programme and planning to revisit the national anti-corruption strategy. The temptation is high to move fast on all fronts, but it is important to assess the immediate past and especially the transition period from 2003 to 2006 so that lessons which could inform policy decisions can be drawn. This monograph makes a useful contribution to a review of the transition period. It assesses the strengths and weaknesses of the anti-corruption institutions and laws which were in force, evaluating their success or failure and identifying factors that supported or inhibited their effectiveness. It further identifies gaps in national laws and regulations that could be prioritised to make them compliant with international legal instruments. Finally, it makes recommendations about what measures should be prioritised with a view to improving the legal framework and the relevant institutions.
