After Babel:

Dogmatics after Babel Ruben Rosario Rodriguez, 2018-10-09 Ruben Rosario Rodriguez addresses the long standing division between Christian theologies that take revelation as their starting point and focus and those that take human culture as theirs. After introducing these two theological streams that originate with Karl Barth and Paul Tillich respectively, Rosario asserts that they both seek to respond to the Enlightenment's critique and rejection of Christianity. In so doing, they have bought into Enlightenment understandings of human reality and the transcendent. Rosario argues that in order to get beyond the impasse between theologies of the Word and culture, we need a different starting point. He discovers that starting point in two sources: 1) through the work of liberation and contextual theologians on the role of the Holy Spirit and 2) through a comparative analysis of the teachings on the hiddenness of God from the three Abrahamic religions: Judaism, Christianity, and Islam. Rosario offers a strong argument for why this third theological starting point represents not just a marginal or niche position but a genuine alternative to the two traditional theological streams. His work will shift readers' understanding of the options in theological discourse beyond the false alternatives of theologies of the Word and culture.

After Babel George Steiner, 1998. Translation has long needed a champion, and at last in George Steiner it has found a scholar who is a match for the task. *Sunday Times*. First published in 1975, *After Babel* constituted the first systematic investigation of the theory and processes of translation since the eighteenth century. In mapping out its own field, it quickly established itself as both controversial and seminal, and gave rise to a considerable and still growing body of secondary literature. Even today, with its status as a modern classic, beyond question many of the book's insights remain provocative and challenging. For the second edition of *After Babel*, George Steiner entirely revised the text, added new and expanded notes, provided a substantially updated bibliography including much Russian and Eastern European material, and wrote a new preface setting the book in the present context of hermeneutics, poetics, and translation studies. Steiner's subject is extravagantly rich, and he ponders it on the most generous scale. His language and his ideas display evenhandedness, seriousness without heaviness, learning without pedantry, and sober charm. *New Yorker*.

Confessing Community Taimaya Ragui, 2023-02-14. This book offers an entryway to the discussion between theological interpretation of Scripture and contextual theology, i.e., tribal theology. It argues for the need to consider the importance of reading the Bible with multiple contexts in mind while addressing the tension between church and academy in the area of biblical interpretation. Adapting from the theological method of Kevin J. Vanhoozer, it argues for a multi-contextual biblical theological interpretation of Scripture that maintains evangelical ethos, i.e., the *solas* of the Reformation, recognizes canonical sense, i.e., the measuring and guiding criteria, asserts Catholic sensibility, i.e., value the contribution of the local and Catholic church, and affirms contextual sensitivity, i.e., the local tribal confessing community. These are the contexts that enable Christians to read the Bible as what it is, namely, human and divine discourse.

Reasonable Faith for a Post-secular Age
William Greenway, 2020 Our global community desperately needs overt awakening to an age of reason and faith Reasonable Faith for a Post Secular Age meets this need by interpreting faith not in terms of belief in propositions but in terms of living surrender to having been seized by agape for every Face including one s own Virtually all faith traditions from Buddhism to

Humanism to Wiccan are rooted in agape and therefore share considerable spiritual and ethical common ground a truth long veiled In contrast to ethically feckless secular rationality over which a devastating global social Darwinism currently runs roughshod faith qua living surrender to agape grounds moral realism awakens us to love for all creatures and inspires struggles for justice Inspired by the philosophy of Emmanuel Levinas and Christian spirituality Greenway engages on the one hand intellectuals like Stanley Hauerwas Richard Rorty Gayatri Chakravorty Spivak Jeffery Stout Charles Taylor and Bernard Williams and on the other contemporary debates over consciousness free will evil and metaethics He details the character of secular rationality s devastating scission from moral reality and clarifies the promise of understanding faith and spirituality in terms of agape
