Richard Albert Spencer

After Ovid New Metamorphoses:

After Ovid Michael Hofmann, 1995-01 Ovid's *Metamorphoses* is one of the great works in classical literature and a primary source for our knowledge of much of classic mythology in which the relentless theme of transformation stands as a primary metaphor for the often cataclysmic dynamics of life itself The British poets Michael Hofmann and James Lasdun have invited more than forty leading English language poets to create their own idiomatic contemporary versions of some of the most famous and notorious stories from the *Metamorphoses* Apollo and Daphne Pyramus and Thisbe Proserpina Marsyas Medea Baucis and Philemon Orpheus and Eurydice these and many other deathless myths are brought to startling fresh life in exciting new versions The contributors among them Fleur Adcock Amy Clampitt Thom Gunn Seamus Heaney Ted Hughes Lawrence Joseph Kenneth Koch Michael Longley Paul Muldoon Les Murray Robert Pinsky Frederick Seidel Charles Simic and C K Williams constitute an impressive roster of major makers of poetry in our language *After Ovid* is thus both a powerful reenvisioning of a fundamental work of literature and a remarkable sounding of the state of poetry in English now BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved *Latin Poetry and the Judgement of Taste* Charles Martindale, 2004-12-09 This book argues for a new attention to the importance of beauty and the aesthetic in our response to poetry Charles Martindale explores ways in which Kant's aesthetic theory as set out in the *Critique of Judgement* remains of fundamental importance for the modern critic He argues that the Kantian judgement of taste is not formalist and explores the relationship between the aesthetic and the political in our responses to art Finally he urges the value of aesthetic criticism as pioneered by Walter Pater and others The mainly Latin poems discussed are all translated and the book will be of interest not only to classicists but to anyone interested in aesthetics aestheticism poetry reception comparative literature and critical theory *Ovid's Presence in Contemporary Women's Writing* Fiona Cox, 2018-08-16 This innovative study analyses the presence of Ovid in contemporary women's writing through a series of insightful case studies of prominent female authors from Ali Smith Marina Warner and Marie Darrieussecq to Alice Oswald Saviana St nescu and Yoko Tawada Using Ovid in their engagements with a wide range of issues besetting our twenty first century world homelessness refugees the financial crisis internet porn anorexia body image these writers echo the poet's preoccupation in his own work with fleeting fame shape shifting and the dangers of immediate gratification and make evident that these concerns are not only quintessentially modern but also peculiarly Ovidian Moving beyond the concern of second wave feminism with recovering silenced female voices and establishing a female perspective within canonical works the volume places particular emphasis on the intersections between Ovid's imaginative universe and the political and aesthetic agenda of third wave feminism Focusing on its subjects socially and politically charged re shapings re imaginings and receptions of Ovid it not only demonstrates the extraordinary plasticity of his writing but also of its myriad re castings and re contextualizations within contemporary culture in terms of genre alone the works discussed included translations poetry

plays novels short stories and memoirs In so doing it not only offers us a valuable perspective on the work of the selected female authors and a new and vital landmark in the history of Ovidian reception but also reveals to us an Ovid who remains our contemporary and an enduring source of inspiration
