After Dinner Conversation The Diary Of A Decadent:

After-Dinner Conversation José Asunción Silva, 2010-01-01 Lost in a shipwreck in 1895 rewritten before the author's suicide in 1896 and not published until 1925 José Asunción Silva's *After Dinner Conversation De sobremesa* is one of Latin America's finest fin de siècle novels and the first one to be translated into English Perhaps the single best work for understanding the turn of the twentieth century writing in South America *After Dinner Conversation* is also cited as the continent's first psychological novel and an outstanding example of modernista fiction and the Decadent sensibility Semi-autobiographical and more important for style than plot *After Dinner Conversation* is the diary of a Decadent sensation collector in exile in Paris who undertakes a quest to find his beloved Helen a vision whom his fevered imagination sees as his salvation Along the way he struggles with irreconcilable urges and temptations that pull him in every direction while he endures an environment indifferent or hostile to spiritual and intellectual pursuits as did the modernista writers themselves Kelly Washbourne's excellent translation preserves Silva's lush prose and experimental style In the introduction one of the most wide-ranging in Silva criticism Washbourne places the life and work of Silva in their literary and historical contexts including an extended discussion of how *After Dinner Conversation* fits within Spanish American modernismo and the Decadent movement Washbourne's perceptive comments and notes also make the novel accessible to general readers who will find the work surprisingly fresh more than a century after its composition *In After-dinner Conversation* Richard K. Washbourne, 2002 *Exemplary Ambivalence in Late Nineteenth-Century Spanish America* Elisabeth L. Austin, 2012-09-27 *Exemplary Ambivalence* fills a critical gap within studies of 19th century Spanish America as it explores the inconsistencies of exemplary texts and emphasizes the forms sources and implications of creole ideological and narrative multiplicity This interdisciplinary study examines creole writing subjectivities and ethnic fictions within the construction of national aesthetic and gendered cultural identities highlighting the dynamic relationship between exemplary discourse and readers as active interpretive agents **The Wandering Signifier** Erin Graff Zivin, 2008-12-29 Explores the symbolic presence of Jews or Jewishness in modern Latin American literature *European Aestheticism and Spanish American Modernismo* K. Comfort, 2011-06-13 Locating a shared interest in the philosophy of art for art's sake in aestheticism and modernismo this study examines the changing role of art and artist during the turn of the century period offering a consideration of the multiple dichotomies of art and life aesthetics and economics production and consumption and center and periphery [The Oxford Handbook of the Latin American Novel](#) Juan E. De Castro, Ignacio López-Calvo, 2023 The Latin American novel burst onto the international literary scene with the Boom era led by Julio Cortázar Gabriel García Márquez Carlos Fuentes and Mario Vargas Llosa and has influenced writers throughout the world ever since García Márquez and Vargas Llosa each received the Nobel Prize in literature and many of the best known contemporary novelists are inspired by the region's fiction Indeed magical realism the style associated with García Márquez has left a profound imprint on African American African

Asian Anglophone Caribbean and Latinx writers Furthermore post Boom literature continues to garner interest from the novels of Roberto Bola o to the works of Cesar Aira and Chico Buarque to those of younger novelists such as Juan Gabriel V squez Alejandro Zambra and Valeria Luiselli Yet for many readers the Latin American novel is often read in a piecemeal manner delinked from the traditions authors and social contexts that help explain its evolution The Oxford Handbook of the Latin American Novel draws literary historical and social connections so that readers will come away understanding this literature as a rich and compelling canon In forty five chapters by leading and innovative scholars the Handbook provides a comprehensive introduction helping readers to see the region s intrinsic heterogeneity for only with a broader view can one fully appreciate Garcia Marquez or Bola o This volume charts the literary tradition of the Latin American novel from its beginnings during colonial times its development during the nineteenth and the first half of the twentieth century and its flourishing from the 1960s onward Furthermore the Handbook explores the regions representations of identity narrative trends and authors that make this literature so diverse and fascinating reflecting on the Latin American novel s position in world literature

The FSG Book of Twentieth-Century Latin American Poetry Ilan Stavans, 2012-03-27 Presents a diverse sample of twentieth century Latin American poems from eighty four authors in Spanish Portuguese Ladino Spanglish and several indigenous languages with English translations on facing pages

The Rights of Nature and the Testimony of Things Mark Anderson, 2024-07-15 The Rights of Nature and the Testimony of Things begins by analyzing the ethical debates and political contexts relating to Latin American rights of nature legislation and the political ontology of nonhuman speech within a framework of intercultural and multispecies diplomacy Author Mark Anderson shows how Latin American authors and thinkers complicate traditional humanistic perspectives on nature the social and politics exploring how animals plants and environments as a whole might be said to engage in social relations and political speech or self representation Drawing Native Amazonian thought into productive tension with a variety of posthumanist theoretical frameworks ranging from Derrida s conceptualization of passive decision and hospitality to biosemiotics Karen Barad s theorization of intra activity and Isabelle Stengers proposal for cosmopolitical diplomacy Anderson analyzes literary works by Julio Cort zar Clarice Lispector Jos Eustasio Rivera and Davi Kopenawa that reframe environmental ethics in terms of collective multispecies work and reciprocal care and politics as a cosmopolitics of friendship rooted in diplomacy across difference Finally Anderson examines the points of connection and divergences between Latin American relational ontologies and Euro American posthumanist theories within Indigenous Latin American remodernization projects that reappropriate and repurpose ancestral practices as well as develop new technologies with the goal of forging alternative modernities compatible with a livable future for all species
