After Nature Modern Library Paperback

J Spring

After Nature Modern Library Paperback:

After Nature W.G. Sebald, 2011-12-07 *After Nature* W G Sebald's first literary work now translated into English by Michael Hamburger explores the lives of three men connected by their restless questioning of humankind's place in the natural world. From the efforts of each an order arises in places beautiful and comforting though more cruel too than the previous state of ignorance. The first figure is the great German Renaissance painter Matthias Grünewald. The second is the Enlightenment botanist explorer Georg Steller who accompanied Bering to the Arctic. The third is the author himself who describes his wanderings among landscapes scarred by the wrecked certainties of previous ages. *After Nature* introduces many of the themes that W G Sebald explored in his subsequent books. A haunting vision of the waxing and waning tides of birth and devastation that lie behind and before us, it confirms the author's position as one of the most profound and original writers of our time.

The Modern Library Collection of Greek and Roman Philosophy 3-Book Bundle Marcus Aurelius, Plato, Aristotle, 2012-08-06 In the long history of philosophy and literature few have been so widely read and admired as the great thinkers of Greece and Rome. For modern audiences this eBook bundle which collects the Modern Library editions of three classics: Marcus Aurelius *Meditations*, Selected Dialogues of Plato and *The Basic Works of Aristotle* is the perfect introduction to the foundation of modern knowledge. Accompanied by insightful accessible commentary from some of today's top scholars including Gregory Hays, Hayden Pelliccia and C D C Reeve, this is a collection of ideas that changed the world and have truly stood the test of time. *MEDITATIONS* Marcus Aurelius succeeded his adoptive father as emperor of Rome in A.D. 161 and *Meditations* remains one of the greatest works of spiritual and ethical reflection ever written. The *Meditations* have become required reading for statesmen and philosophers alike while generations of readers have responded to the straightforward intimacy of the leader's style. In Gregory Hays's seminal translation Marcus's thoughts speak with a new immediacy. Never before have they been so directly and powerfully presented. *SELECTED DIALOGUES OF PLATO* In this volume Hayden Pelliccia has revised five of Benjamin Jowett's translations of Plato's classics in their own right to produce a fresh modern take that *Library Journal* calls a needed and welcome addition to the translations of the Dialogues. Here are *Ion*, *Protagoras*, *Phaedrus* and the famous *Symposium* which discusses poetry, the Socratic method, rhetoric, psychology and love. Most dramatically *Apology* puts Socrates' art of persuasion to the ultimate test: defending his own life. *THE BASIC WORKS OF ARISTOTLE* Preserved by Arabic mathematicians and canonized by Christian scholars, Aristotle's works have shaped Western thought, science and religion for nearly two thousand years and Richard McKeon's edition has long been considered the best available one-volume Aristotle. Here are selections from the *Organon*, *On the Heavens*, *The Short Physical Treatises*, *Rhetoric* among others and *On the Soul*, *On Generation and Corruption*, *Physics*, *Metaphysics*, *Nicomachean Ethics*, *Politics* and *Poetics* in their entirety.

The Modern Library Essential World History 4-Book Bundle Edward Gibbon, Francis Parkman, William H. Prescott, Theodore Roosevelt, 2012-02-27 Revisit a world of conquest, exploration and

imperial adventure with this Modern Library eBook bundle that includes Edward Gibbon's *The Decline and Fall of the Roman Empire*, Francis Parkman's *Montcalm and Wolfe*, William H. Prescott's *History of the Conquest of Mexico*, and Theodore Roosevelt's *The Naval War of 1812*. **THE DECLINE AND FALL OF THE ROMAN EMPIRE ABRIDGED** Edward Gibbon's masterpiece which narrates the history of the Roman Empire from the second to the fifteenth centuries is widely considered the greatest work of history ever written. This abridgment retains the full scope of the original while emphasizing elements ignored in all other abridgments, in particular the role of religion in the empire and the rise of Islam. **MONTCALM AND WOLFE** The result of more than forty years of passionate research, *Montcalm and Wolfe* is the epic story of Europe's struggle for dominance of the New World. Thought by many to be Francis Parkman's greatest work, it is a riveting read and an essential part of any military history collection. **HISTORY OF THE CONQUEST OF MEXICO** William H. Prescott's sweeping account of Cortés's subjugation of the Aztec people has endured as a landmark work of scholarship and dramatic storytelling. This pioneering study presents a compelling view of the clash of civilizations that reverberates in Latin America to this day. **THE NAVAL WAR OF 1812** Published when its author Theodore Roosevelt was only twenty-three years old, *The Naval War of 1812* was immediately hailed as a literary and scholarly triumph, and it is still considered the definitive book on the subject. Roosevelt's inimitable style and robust narrative make *The Naval War of 1812* enthralling, illuminating, and utterly essential to every armchair historian.

Americans Thinking America Charles Lemert, 2025-01-31 In this dynamic book, Charles Lemert elaborates a vigorous, distinctive, and creative American tradition in social thought. American social theory has tended to be overshadowed by European social thought. Yet looking deeper, Americans have always made important contributions to social theory. Drawing upon the work of a dazzling array of both seminal and unjustly overlooked philosophers, sociologists, litterateurs, and political activists, Lemert constructs a coherent yet variegated intellectual framework for understanding American social theory and culture from the colonial era to the present. In doing so, Lemert analyzes American intellectual attitudes on race, gender, popular culture, political thought, capitalism, and social movements, while also exploring schools of thought from transcendentalism and pragmatism to interactionism and intersectionality. In his inimitable style, Charles Lemert, a master of finding theory where you'd least expect it, offers a masterful rendering of the American tradition in social theory. In doing so, Lemert shines new light on social theory and American history. Both authoritative and accessible, this indispensable work will be essential reading for students, scholars, and general readers with interests in social theory and American social history.
