After The Bombs:

After The Bombs-My Berlin Heidi Smith,2016-08-25 This recollection begins with the life of a German family at the beginning of the First World War and continues with their struggles in the aftermath of the Second World War After the war Berlin was mostly rubble and the Cold War was heating up The Berlin Blockade and the construction of The Wall placed the city in the center of the Cold War After the Bombs reflects on the hardships and strict society of the first half of the 20th century in Germany Heidi Smith responds to these challenges with an adventurous spirit that reminds us all that we are stewards of our own destiny

After The Bomb M. Grant,2009-11-12 Civil defence was an integral part of Britain s modern history Throughout the cold war it was a central response of the British Government to the threat of war This book will be the first history of the preparations to fight a nuclear war taken in Britain between the end of the Second World War and 1968

Art After the Bomb Darrell D. Davisson,2008 This book is requisite reading material for any person claiming to be an educated and informed member of the global community Our understanding in the West of the Eastern cultures specially the different cultures involving the Muslims is alarmingly low The book strives to offer a view from the ground a keyhole perspective that offers the readers a close and personal peek into some of the ethical underpinnings and the philosophical guiding parameters that inform the Muslim and the Eastern mind There are over 1 3 billion Muslims in the world It would be a serious intellectual fallacy to assume that they are all homogenous or to be more preposterous assume they are all terrorists It is extremely tragic that it took the Iranian hostage crisis to teach us about Shia Islam and 9 11 to teach us about Wahabi Islam Properly acquired knowledge not just what we learn from the media will allow us to be anticipatory and rational rather than being reactive and emotional For the Muslim reader specially the children and the youth the book strives to offer a deeper understanding of Islam beyond the boundaries of ritual Islam into the wide open space of spiritual and intellectual Islam To inspire them to appreciate and live up to the wonderful legacy of Islam and not to be mired down into some deviant interpretations of people with questionable motives The book is designed to encourage the process of tearing down walls and building bridges We share common dreams aspirations and challenges We share a common globe and a common destiny The author believes that there are no clashes of civilizations just clashes of ignorance and misunderstanding

After the Bombs Arturo Arias,1990 In the years that follow the bombing of Guatemala City in 1954 young Max grows into manhood as he searches for his identity his father and his place in the struggles of his country
