After The War First World War Simon:

Claude Simon Jean H. Duffy, Alastair B. Duncan, Formerly Reader in History and Philosophy of Science and Technology Alastair Duncan, 2002-01-01 This collection of essays celebrates the work of the French Nobel prize winning novelist Claude Simon Scholars reconsider the fifty years of Simon's fiction in the light of his large scale autobiographical novel *Le Jardin des Plantes* 1997 From a variety of perspectives postmodernist psychoanalytic aesthetic chapters reflect on the central paradox of Simon's work his writing and rewriting of an experience of war so disruptive and traumatic that words can never be adequate to communicate it

The Lengthening War Michael Goode, 2016-08-31 The First World War was an event so important so catalytic so transformative that it still hangs in the public memory and still compels the Historians pen It was a conflict which by the end of the struggle had created a world unfamiliar to the one in existence before it and brought levels of destruction and loss all too unimaginable to the generation of minds which created it Despite this we still find it hard to picture what it was like to live through this war Right from its start Mabel Goode realised that the First World War would be the biggest event to take place in her lifetime Knowing this she took to recording it taking us day by day through what living in wartime Britain was like The diary shows us how the war came to the Home Front from enrolment rationing the collapse of domestic service and growth of war work to Zeppelin attacks over Yorkshire and the ever mounting casualty lists Above all else Mabel's diary captures a growing disillusionment with a lengthening war as the costs and the sacrifices mount Starting with great excitement and expecting a short struggle the entries gradually give way to a more critical tone and eventually to total disengagement The blank pages marked for 1917 and 1918 are almost as informative as the fearful excitement captured at the onset of that tremendous conflict This is a strong narrative of the war easy to read mixing news with personal feelings and events often revealing gap between official news and reality Also included are several poems written by Mabel and a love story in the appendix giving a complete insight into the life of the diarist Of note is the fact that Mabel and her brothers the main serving protagonists in the diary lived in Germany for some time meaning they could all speak German and knew the enemy nation as many Britons did not
