Afterschool Education:

Afterschool Education Gil G. Noam, Gina Biancarosa, Nadine Dechausay, 2002-01-01 The authors survey the current afterschool landscape and bring to light important issues and practices within the field explore the challenges and opportunities facing afterschool education programs and point to future directions for these burgeoning educational ventures Afterschool education has grown in recent years into a vast and diverse enterprise In the United States young people spend almost a third of their organized time including school hours in afterschool and summer programs Yet there is little clear and conclusive research on afterschool programs research that would help guide the practice of existing afterschool programs and establish guidelines for the creation of new programs An indispensable guide for practitioners administrators policy makers and parents Afterschool Education will serve as the cornerstone for all future accounts of and proposals for this crucial educational field

Leadership of Afterschool and Supplemental Education Hazel M. Carter, 2022-07-22 This book explores the design and implementation of effective supplementary education programs that best prepare students for post secondary life Drawing from research and best practice in the fields of supplementary and afterschool education youth development and school college community partnerships this book outlines a balanced approach to viewing supplementary education and community based programs which when designed alongside classroom learning can meet the needs of underserved youth This book challenges aspiring educational leaders to confront the traditional approach to curriculum as the sole purview of the classroom and instead positions supplementary education as a tool to improve schools and student success Chapters discuss designing implementing and sustaining supplementary education programs that positively impact the social emotional and academic development of secondary school students as well as effective strategies for developing stronger connections with the community This text is designed for use in graduate preparation programs in educational leadership and includes pedagogical features such as learning objectives reflective exercises portfolio building activities and alignment to educational leadership standards

Great Afterschool Programs and Spaces That Wow! Linda J. Armstrong, Christine A Schmidt, 2013-09-10 Does your afterschool program have the WOW factor Create a high quality school age program that is exciting inviting and reflects the interests abilities and needs of the children Whether your program operates before or after school on non school days during the summer or overnight you can create a dynamic environment where everyone will enjoy spending time This book is filled with hundreds of ideas from setting up a quiet reading nook to tackling clutter reflecting the authors years of experience and hundreds of visits to a variety of school age programs It takes you through all of the considerations that affect your program and then lays out a process to help you improve the three dimensions of a school age environment Temporal Establish schedules routines rules and learning opportunities to meet children s needs Interpersonal Facilitate the relationships and social interactions of children staff families and the greater community Physical Create sensory rich indoor and outdoor spaces Linda J Armstrong and Christine A Schmidt are
