Age Of Gold:

The Age of Gold ,2015 *The Age of Gold and the Golden Age* Chrusos (pseud.),1850* **The Age of Gold** H. W. Brands,2005 The discovery of gold by a team of Mormon mill workers in 1848 sparked a frenzy that shook the world People swarmed to California from as far as China and Australia They came from England and France from Ireland and Chile leaving behind their families and everything they owned in the hope of making their fortunes in the new world They came by ship and overland braving Tierra del Fuego and the pestilences of Panama lured by the promise of gold In a spellbinding narrative that spans several continents Brands brings the fervour and excitement of the gold rush vividly to life The Age of Gold is narrative history at its best the astonishing tale of one of the most extraordinary speculative frenzies in history told by a master historian

Late Iron Age Gold Hoards from the Low Countries and the Caesarian Conquest of Northern Gaul Nico Roymans,Guido Creemers,Simone Scheers,2012-05-14 Presentatie van acht recent ontdekte Keltische goudschatten uit het zuiden van Nederland en België bestaande uit gouden munten en gouden ornamenten die een bijdrage leveren aan de archeologie geschiedenis en numismatiek van de Keltische periode in de Lage Landen in de tijd vlak voor en tijdens de Romeinse verovering van Julius Caesar

Late Iron Age Gold Hoards from the Low Countries and the Caesarian Conquest of Northern Gaul Guido Creemers,Nico Roymans,Simone Scheers,2025-10-01 This volume presents eight new Iron Age gold hoards from the southern Netherlands and Belgium consisting of gold coinages and in several cases also gold ornaments The study of these hoards provides a wealth of new information on the archaeological contexts in which they were found on the dating of many coin types and jewellery and on the social role of gold in pre Roman society All these hoards seem to have been buried in the 50s BC thus making a direct association with the historical context of Caesar's war campaigns in Northern Gaul very plausible This makes the volume important for archaeologists as well as numismatists and historians Amsterdam Archaeological Studies is a series devoted to the study of past human societies from the prehistory up into modern times primarily based on the study of archaeological remains The series will include excavation reports of modern fieldwork studies of categories of material culture and synthesising studies with broader images of past societies thereby contributing to the theoretical and methodological debates in archaeology
