Latinx Revolutionary Horizons Renee Hudson, 2024-05-07 A necessary reconceptualization of Latinx identity literature and politics In *Latinx Revolutionary Horizons* Renee Hudson theorizes a liberatory latinidad that is not yet here and conceptualizes a hemispheric project in which contemporary Latinx authors return to earlier moments of revolution Rather than viewing Latinx as solely a category of identification she argues for an expansive historicized sense of the term that illuminates its political potential Claiming the x in Latinx as marking the suspension and tension between how Latin American descended people identify and the future politics the x points us toward Hudson contends that latinidad can signal a politics grounded in shared struggles and histories rather than merely a mode of identification In this way *Latinx Revolutionary Horizons* reads against current calls for cancelling latinidad based on its presumed anti Black and anti Indigenous framework Instead she examines the not yet here of latinidad to investigate the connection between the revolutionary history of the Americas and the creation of new genres in the hemisphere from conversion narratives and dictator novels to neoslave narratives and testimonios By comparing colonialisms she charts a revolutionary genealogy across a range of movements such as the Mexican Revolution the Filipino People Power Revolution resistance to Trujillo in the Dominican Republic and the Cuban Revolution In pairing nineteenth century authors alongside contemporary Latinx ones Hudson examines a longer genealogy of Latinx resistance while expanding its literary canon from the works of José Rizal and Martín Delany to those of Julia Alvarez Jessica Hagedorn and Leslie Marmon Silko In imagining a truly transnational latinidad *Latinx Revolutionary Horizons* thus rewrites our understanding of the nationalist formations that continue to characterize Latinx Studies
