Care And Cost Current Issues In Health Policy:

Care And Cost Kenneth McLennan, Jack A. Meyer, 2019-06-03 America's ability to deliver quality health care efficiently to its citizens is both an important component of national productivity and a hallmark of a civilized society Recognizing the critical need to reform and restructure the way the public and the private sectors provide health care CED trustees launched a study of how market oriented pol

Negotiating Health Care Sally E. Thorne, 1993-03-24 Contributing a unique perspective to health reform *Negotiating Health Care* presents the findings of a large qualitative investigation of the experiences of the chronically ill within today's health care system The author develops the argument that chronic illness and acute illness are social experiences of a vastly different order that lead to different health care consequences especially in a health system geared to the miracle cure From interviews with chronically ill patients Thorne discusses the onset of their diseases handling acute episodes and their attempts to normalize life The author also examines the interpersonal experience with health care providers exploring the issues of trust confidence and compliance The institutional experience can and often does pose daunting problems for the chronically ill because of organizational and sociocultural issues health care politics and ideology and the individual patient's response to the system In her concluding chapter Thorne proposes future directions for health care organization biomedical technology and social policy Students and professionals in the fields of nursing allied health medical sciences and human services will find *Negotiating Health Care* a valuable resource This book is highly recommended for all health care professionals and anyone involved in legislation regarding chronic health care on a national basis The book also could be very useful for lay people who are chronically ill and for their caregivers and families

Rehabilitation Nursing Finally a window is opened to the experience of chronic illness as it exists within the North American health care system Just in time Every health care provider and reformer who looks inside will be changed by the reflections of themselves they see This book is a courageous voice for both the bolder more conclusive clinical research and for the chronically ill who may yet show us a better way William L Miller M D The University of Connecticut Although there are a number of texts available on chronic illness Dr Thorne's approach to the topic is unique in that it provides a graphic illustration of how the beliefs and values guiding the health care system contribute to problems which the chronically ill encounter in obtaining care By setting the experience of chronic illness in the broader context of the health care system the book provides some clear guidelines for needed changes something I have not found elsewhere This is a valuable piece of work which is a valuable contribution to our understanding of chronic illness and which provides a guide both to practice and to health policy revision Lee Walker R N Ph D The University of Utah This extraordinary book provides rich description and unique insights into the illness experience Data obtained from interviews with 91 informants provides remarkable detail strong linkages to existing theory and powerful development of the illness trajectory The book is well documented methodologically rigorous and presented in a refreshing style Dr Thorne has written a classic *Negotiating Health Care* will

become the book of the 90s for anyone interested in providing humanistic care Jan Morse R N Ph D College of Health and Human Development The Pennsylvania State University The book provides a view into the major issues adults with chronic illness experience in obtaining health care a perspective that is rarely available to those of use who use the health care system mainly for acute problems or indeed who are the providers The book is powerful intense and often uncomfortable reading the patients own words should sensitize all of us who work with the chronically ill Verbatim accounts of patients experiences are woven into a lucid and perceptive view of the structure and organization of Canadian health care which should be read by health policymakers in all the western industrialized countries Juliene G Lipson Ph D F A A N University of California San Francisco Thorne takes a unique approach in providing a graphic illustration of how the beliefs and values guiding the health care system contribute to the problems the chronically ill encounter in obtaining care Those concerned with the evolving social and health policy in the United States would be well served in reading *Negotiating Health Care* Academic Library Book Review Care and Cost Committee for Economic Development,1989 *Current Issues In Nursing* Perle Slavik Cowen,Sue Moorhead,2010-02-15 *Current Issues in Nursing* provides a forum for knowledgeable debate on the important issues that nurses face today This resource provides the opportunity to analyze conflicting viewpoints and develop your own thoughts on demands being made for the nursing profession and the difficult issues affecting today s health care delivery Continually praised for its in depth discussion of critical issues solid organization of material and encouragement of independent thinking you ll find this text a valuable resource in the modern world of nursing Offers comprehensive and timely coverage of the issues affecting nursing education and practice UNIQUE Over 100 well known contributors offer their expert insights and analysis UNIQUE Viewpoint chapters present controversial issues to showcase pressing issues facing nursing today New content covering the following topics The Challenges of Nursing on an International Level Health Care Systems and Practice Ethics Legal and Social Issues The Changing Practice Professional Challenges Collaboration Conflict Violence Prevention and Care Nursing s Role Definitions of Nursing Changing Education **Hearing on H.R. 1415, the Patient Access to Responsible Care Act (PARCA)** United States. Congress. House. Committee on Education and the Workforce.
