Career Counseling A Narrative Approach:

Career Counseling Larry Cochran, 1997-04-08 For decades scholars and professionals have been attracted to theories offering a deeper view of career but have been frustrated by difficulties in translating theories of meaning making development and identity into viable practice At the same time there has been growing disenchantment with impersonal techniques of matching an individual's traits with skills required for a specific vocation While personality traits and talents may help to predict a predisposition to a career type this method of analysis neglects the influences of human purpose passion and life history In Career Counseling author Larry Cochran fills the void by introducing the theory of narrative construction a method of counseling that injects personal identity into career development in a practical way Cochran demonstrates how literary models and constructivist methods can be used in career development to provide the essential subjective dimension that has been lacking in practical counseling In addition he provides the innovative materials that are necessary for making this process both efficient and effective Contributing a unique and important perspective and approach to career counseling this volume will be widely used by scholars and professionals in the fields of career counseling clinical counseling psychology social psychology and management

Career Counseling Larry Cochran, 1997 Introducing the theory of narrative construction Cochran shows how literary models and constructivist methods can be used to inject personal identity into career development and provide a subjective dimension to career counselling Shaping the Story, 2019-04-09 Current career counselling needs a shift away from the practice of modern counselling approaches and narrative therapy is likely to be particularly appropriate since it is part of the culture and way of life of the majority of our clients For the very first time current approaches have been brought together in one publication Eminent scholars including Larry Cochran Mark Savickas and Norm Amundson Paul Hartung and John Winslade contributed to the publication Personal narratives of some exceptionally eminent people including Robert Sternberg are also included The publication is concluded by Reuven Bar On and Maurice Elias who delineate the connection between storied counselling and social and emotional learning This book provides a priceless resource for scholars academics researchers psychologists teachers and clients It critically analyses germane questions such as How vital and feasible is it to build on life stories in career counselling examines the theoretical underpinnings and practical applications of hermeneutic narrative postmodern and constructivist approaches to career counselling provides practical guidelines on the practice of narrative counselling in different contexts presents ideas on how to engage clients actively suggests ways of using life story counselling including the Career Story Interview to produce new identities for career practice International Handbook of Career Guidance James A.

Athanasou, R. van Esbroeck, 2008-08-02 The International Handbook of Career Guidance represents a project of international professional cooperation It is intended as a catalyst for reform and was designed to support the development of career guidance in the years to come Working for over four years from Belgium and Australia we had the privilege to collaborate

with over 50 colleagues throughout the world to produce this Handbook In every instance we selected key researchers who have an established reputation in the field of career development They agreed to be involved and we are grateful for their support in this major effort In this handbook we have tried to bring together a collection that summarises the diverse aspects of career guidance It is a synthesis of the domain of career and vocational guidance firstly for an international readership and secondly it is designed to act as a reference for academics researchers and professionals in the expanding field of career development For this reason the Handbook includes coverage of the background and history of guidance right through to poignant issues relating to careers in the modern world of work Policy issues relating to the provision of careers services as well as professional issues relating to career education career counselling career assessment program evaluation and research methodologies are covered
