Cargo Cult As Theatre:

Cargo Cult as Theater Dorothy K. Billings, 2002-05-23 Why did half the people on New Hanover a small island north of New Guinea vote for Lyndon Baines Johnson to be their ruler in 1964 Dorothy K Billings believes that this sort of action seen in New Guinea and other parts of Melanesia is part of the cargo cult phenomenon or micronationalist movements which are principally regarded as responses to European colonialism Based on thirty five years of fieldwork and observation Cargo Cult as Theater demonstrates how the Johnson Cult originally mocked and ridiculed by the outside world should be seen as an ongoing political performance meant to consolidate local power and advance economic development This fascinating study follows the changes in this community ritual from the time of the white master to post colonial self determination and reveals the history of this people s attempt to gain intellectual moral economic and political control over their own lives

Choreomania Kéline Gotman, 2017-12-12 When political protest is read as epidemic madness religious ecstasy as nervous disease and angular dance moves as dark and uncouth the disorder being described is choreomania At once a catchall term to denote spontaneous gestures and the unruly movements of crowds choreomania emerged in the nineteenth century at a time of heightened class conflict nationalist policy and colonial rule In this book author Kéline Gotman examines these choreographies of unrest rethinking the modern formation of the choreomania concept as it moved across scientific and social scientific disciplines Reading archives describing dramatic misformations of bodies and body politics she shows how prejudices against expressivity unravel in turn revealing widespread anxieties about demonstrative agitation This history of the fitful body complements stories of nineteenth century discipline and regimentation As she notes constraints on movement imply constraints on political power and agency In each chapter Gotman confronts the many ways choreomania works as an extension of discourses shaping colonialist orientalism which alternately depict riotous bodies as dangerously infected others and as curious bacchanalian remains Through her research Gotman also shows how beneath the radar of this colonial discourse men and women gathered together to repossess on their terms the gestures of social revolt Theatre

Australian playwriting and theatre making from the 1970s Vietnam dramas to the postmodern present *Greek Theatre in the Fourth Century BC* Eric Csapo, Hans Rupprecht Goette, J. Richard Green, Peter Wilson, 2014-06-18 Age old scholarly dogma holds that the death of serious theatre went hand in hand with the death of the city state and that the fourth century BC ushered in an era of theatrical mediocrity offering shallow entertainment to a depoliticised citizenry The traditional view of fourth century culture is encouraged and sustained by the absence of dramatic texts in anything more than fragments Until recently little attention was paid to an enormous array of non literary evidence attesting not only the sustained vibrancy of theatrical culture but a huge expansion of theatre throughout and even beyond the Greek world Epigraphic historiographic iconographic and archaeological evidence indicates that the fourth century BC was an age of exponential growth in theatre It saw the construction of permanent stone theatres across and beyond the Mediterranean world the addition of theatrical events to existing festivals the creation of entirely new contexts for drama and vast investment both public and private in all areas of what was rapidly becoming a major industry This is the first book to explore all the evidence for fourth century ancient theatre its architecture drama dissemination staging reception politics social impact finance and memorialisation
