Caribbean Art:

Caribbean Art (Second) (World of Art) Veerle Poupeye, 2022-05-10 An updated and expanded edition of this classic illustrated survey of Caribbean art featuring the work of over 100 artists from the period of colonialism to the present day. The Caribbean is made up of more than twenty countries each with its own identity. Yet fascinatingly there are significant cultural commonalities despite geographic, ethnic, linguistic, and political diversity. A mixture of African, Amerindian, Asian, and European origins define the remarkable Caribbean culture which from the period of colonialism to the present has also witnessed a massive diaspora. Caribbean Art examines the diverse and highly accomplished work of Caribbean artists, whether indigenous or from the diaspora, popular or high culture, rural or urban based, politically radical or religious. This expanded edition with a new preface has been updated to reflect and address fundamental challenges to traditional art historical practice and its foundational connections to histories of colonialism, Eurocentricity, and race. This is explored further in two new chapters focused on public monuments linked to the history of the Caribbean and the intersections between art and tourism, raising important questions about cultural representation. Caribbean Art features the work of internationally recognized artists such as Jean-Michel Basquiat, Sonia Boyce, Christopher Cozier, Wifredo Lam, Ana Mendieta, Ebony G. Patterson, Hervé T. Maque, and more than one hundred others working across a variety of media including performance, photography, and film. This second edition makes an important contribution to the understanding of Caribbean and postcolonial art and its context in ways that invite productive conversation and encourage further explorations on the subject.

After Caliban Erica Moiah James, 2025-08-01 Drawing on Aim C. Saïre's rewriting of Shakespeare's *The Tempest*, Erica Moiah James examines the rise of global Caribbean artists in the 1990s and their production of a decolonized art history for the Caribbean.

A to Z of Caribbean Art Melanie Archer, Mariel Brown, 2019-07-23 *A to Z of Caribbean Art* is a visual overview of Caribbean art from the beginning of the 20th century to now and serves as a resource of information on some of the greatest artists of the region. Sequenced alphabetically, it mixes genres including drawing, painting, sculpture, photography, installation, and performance. Each artist is represented by a page that shows a definitive work along with related specifications, biographical details, and a short text on their oeuvre. The artists come from the English, Dutch, French, and Spanish speaking Caribbean; they include Hurvin Anderson, Sybil Atteck, Frank Bowling, Carlisle Chang, Renee Cox, Blue Curry, Annalee Davis, Peter Doig, John Dunkley, Embah, Joscelyn Gardner, Marlon Griffith, Nadia Huggins, Remy Jungerman, Wifredo Lam, Donald Locke, Hew Locke, Edna Manley, Tirzo Martha, Peter Minshall, Petrona Morrison, Chris Ofili, Karyn Olivier, Marcel Pinas, Sheena Rose, Jasmine Thomas, Girvan Stacey, Tyrell Nari Ward, Barrington Watson, and Aubrey Williams.

The Oxford History of Western Art Martin Kemp, 2000 *The Oxford History of Western Art* is the new authority on the development of visual culture in the West over the last 2700 years, from the classical period to the end of the twentieth century. OHWA is an innovative and challenging reappraisal of how the history of art can be presented and understood. None of the currently available general

histories of art offers the wealth of perspectives and cross media references of this book Through a carefully devised modular structure readers are given insights not only into how and why works of art were created but also how works in different media relate to each other across time Here uniquely is not the simple linear story of art but a rich series of stories told from varying viewpoints The founding principle of the book has been to use carefully selected groupings of pictures to give readers a sense of the visual texture of the various periods and episodes covered The 167 illustration groups supported by explanatory text and picture captions create a sequence of visual tours not merely a procession of individually great works viewed in isolation but juxtapositions of significant images that powerfully convey a sense of the visual environments in which works of art need to be viewed in order to be understood and appreciated The aim throughout has been to make the shape and nature of these visual presentations a stimulating and rewarding experience allowing readers to become active participants in the process of interpretation and synthesis Another key feature of the narrative is the re definition of traditional period boundaries Rather than relying on conventional labels such as Medieval Renaissance Baroque etc five major phases of significant historical change are established that unlock longer and more meaningful continuities The art of classical antiquity from c 600 BC to the fall of Rome in AD 410 The establishment of visual culture in Europe from 410 to 1527 the sack of papal Rome European visual regimes from 1527 to 1770 The era of revolutions 1770 to 1914 Modernism and after 1914 to 2000 This new framework shows how the major religious and secular functions of art have been forged sustained transformed revived and revolutionized over the ages how the institutions of Church and State have consistently aspired to make art in their own image and how the rise of art history itself has come to provide the dominant conceptual framework within which artists create patrons patronize collectors collect galleries exhibit dealers deal and art historians write The text has been written by a team of 50 specialist authors working under the direction of Professor Martin Kemp one of the UK's most distinguished art historians Whilst bringing their own expertise and vision to their sections each author was also asked to relate their text to a number of unifying themes and issues including written evidence physical contexts patronage viewing and reception techniques gender and racial issues centres and peripheries media and condition the notion of art and current presentations Though the coverage of topics focuses on European notions of art and their transplantation and transformation in North America space is also given to cross fertilizations with other traditions including the art of Latin America the Soviet Union India Africa and Afro Caribbean Australia and Canada Professor Kemp and his team similarly deal generously with the applied arts and reproductive media such as photography and prints The result is a vibrant vigorous and revolutionary account of Western art serving both as an inspirational introduction for the general reader and an authoritative source of reference and guidance for students

and the whole of the Americas examining Britain's cultural and political legacy to the nations of the New World From Vikings to redcoats from the Beatles to the war in Iraq Britain and the Americas examines Britain's cultural and political legacy to the nations of the Americas This comprehensive survey also traces how the Americas have in turn influenced contemporary Britain from the Americanization of language and politics to the impact of music and migration from the West Indies Complete with an extensive introduction and a chronology of key events this three volume encyclopedia contains introductory essays focusing on the four prime areas of British Atlantic engagement Canada the Caribbean the United States and Latin America Students of a wide range of disciplines as well as the lay reader will appreciate this exhaustive survey which traces the common themes of British policy and influence throughout the Americas and highlights how Britain has in turn benefited from the influence of American democracy technology culture and politics *Kingston, Negril and Jamaica's South Coast* John Bigley, 2009-08-10 Following is an excerpt from this guide that specializes in some of the most popular areas of Jamaica Also included in the guide is complete detail on where to stay where to eat what to see and what to do to make your trip unforgettable We landed at Kingston's Norman Manley International Airport long after dark The city was celebrating Friday night in its traditional manner the Friday Night Jam filled the streets with people glad the work week was over We were in Kingston But not for long Our ride was taking us out of the city and up the Blue Mountains to Strawberry Hill For the next hour we wound our way through the city streets that we'd return to in later days finally making our way out of the humidity and crowds and into the hills The air grew cooler as we climbed moving slowly back and forth on the switchback road Finally we were there A pale glow lit the main building and restaurant around the property we could see the small cottages outlined in dim light But the real sight was from the restaurant itself From here we could see the lights of Kingston in the distance far below us The city was still partying down there but here all was quiet as most visitors went to bed early ready to rise the next morning to a foggy sunrise and a forest draped in quiet mist We'd be bird watching the next day It was time for our Friday Night Jam to end not to reggae or dancehall music but to the sound of night frogs and insects in the nearby forest The capital city of Kingston lies on the south shore This metropolitan area of over 800 000 residents is visited primarily by business travelers Within this sprawling metropolis however beats the true heart of Jamaica Travelers interested in the culture and history that define this island nation should make time for a visit to Kingston the largest English speaking city Kingston is big brash and boisterous Life spills out from storefronts and homes onto the streets filling the sidewalks and every inch of available space Goats roam the downtown area sidewalk vendors peddle all type of merchandise from carts and tables pedestrians are everywhere Kingston dates back to 1692 The city is built along the harbor stretching from the Blue Mountains in the east to the boundaries of Spanish Town in the west Kingston is not for everyone It does not offer a relaxing fun in the sun vacation Head to the North Coast resort communities for that type of getaway Instead if you've had a few dates with Jamaica and you're ready to visit her parents then it's time to head to Kingston Things aren't always pretty here but it's a

necessary part of the experience No sheet no eat is the motto of the weekly toga party at this resort known for its adults only atmosphere Hedonism II attracts fun loving couples and singles over age 18 who come to this westernmost point of Jamaica for a vacation of sun sand and something more Guests leave their inhibitions behind seeking pleasure in the form of festivities like Toga Night buffets to tempt the most devoted calorie counters bars open until 5 am and nonstop adult fun The real wildness in Negril lies just outside the city limits Here in an area known as the Great Morass you can see a side of the country that most visitors never glimpse Crocodiles not vacationers lie in the steamy afternoon sunshine Peddlers sell not marijuana but shrimp caught using techniques over 400 years old And spectacular birds not parasailers fill the air with dashes of color and a cacophony of exotic sounds Today Negril has gained respectability and is home to all types of resorts that attract everyone from swingers to families Law mandates that no building here can be taller than a palm tree so low rises follow the coast from Bloody Bay named for the days when the whalers cleaned their catch here to the cliffs at its southern end where the Negril Lighthouse still signals the rocks to ships
