Carlos: Portrait of a Terrorist Colin Smith, 2012-04-05 This is the latest edition of Colin Smith's best selling it was translated into Spanish French German and Finnish 1976 biography of the Venezuelan born terrorist Ilich Ramirez Sanchez Carlos Portrait of a Terrorist is the result of painstaking research Here is the full story of his transformation from spoilt playboy to The Jackal once the favorite assassin of the Popular Front for the Liberation of Palestine Previously updated in 1995 after Carlos was sedated and sacked then handed over to French commandos in Khartoum it has been revised following his latest 2011 conviction by a Paris court for a brutal series of terrorist bombings committed in 1982 and 1983 Smith's account blends perceptive eyewitness reportage of Carlos in action with the memories of friends acquaintances and at least one lover *Carlos* Colin Smith, 1976

**Anti-american Terrorism: From Eisenhower To Trump - A Chronicle Of The Threat And Response: Volume I: The Eisenhower Through Carter Administrations** Dennis A Pluchinsky, 2020-03-23 Pluchinsky's first volume focusing on anti American terrorism is a densely packed and comprehensive look at one of the most complex US national security challenges our nation faces It reflects the evolving nature of terrorism that has changed with the politics technology and media during this tumultuous period in US history The book is also a thorough accounting of how US policymakers attempt to find solutions to address this dynamic issue A broad spectrum of terrorism experts policymakers and casual reads will undoubtedly find noteworthy facts about terrorist attacks that targeted US interest abroad and at home in this volume Pluchinsky's level of detail and strong qualitative methodology makes this work an essential desk reference for any serious terrorism scholar Studies in Intelligence This is a truly magisterial work of scholarship By pulling all this material together in one place and by organizing it so accessibly Pluchinsky has performed an invaluable service for researchers and counter terrorism practitioners alike the real selling point is the factual content Pluchinsky has written the definitive contextual history of US counter terrorism policy and these volumes and I confidently expect the two companion volumes still to come deserve a place in every serious library of terrorism Critical Studies on Terrorism One of the major international security concerns that surfaced in the post World War II period was the emergence and evolution of international terrorism The dominant theme in the evolution of this threat has been anti American terrorism No other country in the world has had its overseas interests subjected to the level lethality diversity and geographic scope of international terrorist activity than the United States This four volume work recounts the development of this threat through 12 US presidential administrations over a 70 year period It assesses the terrorist threat in the US and overseas and how the government has responded with counter terrorism policies strategies programs organizations legislation international conventions executive orders special operations units and actions The evolution of the field of terrorism in academia think tanks institutes and the private sector over these 12 administrations is also chronicled **Political Terrorism** A.J. Jongman, 2017-07-28 While there is no easy way to define terrorism it may generally be viewed as a method of violence in which civilians are targeted with the objective of forcing a

perceived enemy into submission by creating fear demoralization and political friction in the population under attack At one time a marginal field of study in the social sciences terrorism is now very much in center stage The 1970s terrorist attacks by the PLO the Provisional Irish Republican Army the Popular Front for the Liberation of Palestine the Japanese Red Army the Unabomber Aum Shinrikyo Timothy McVeigh the World Trade Center attacks the assault on a school in Russia and suicide bombers have all made the term terrorism an all too common part of our vocabulary This edition of Political Terrorism was originally published in the 1980s well before some of the horrific events noted above This monumental collection of definitions conceptual frameworks paradigmatic formulations and bibliographic sources is being reissued in paperback now as a resource for the expanding community of researchers on the subject of terrorism This is a carefully constructed guide to one of the most urgent issues of the world today When the first edition was originally published Choice noted This extremely useful reference tool should be part of any serious social science collection Chronicles of Culture called it a tremendously comprehensive book about a subject that any who have anything to lose from property to liberty life to limbs should be forewarned against

**Inside Terrorism** Bruce Hoffman, 2017-09-05 Bruce Hoffman's Inside Terrorism has remained the seminal work for understanding the historical evolution of terrorism and the terrorist mind set In this revised third edition of his classic text Hoffman analyzes the latest developments in global terrorism offering insight into new adversaries motivations strategies and tactics He focuses on the rise of ISIS and the resilience of al Qaeda terrorist exploitation of the Internet and embrace of social media radicalization of foreign fighters and potential future trends including the repercussions of a post caliphate ISIS Hoffman examines the demographics of contemporary terrorist leaders and recruits the continued use of suicide bombers and the likelihood of a chemical biological radiological or nuclear terrorist strike He also considers the resurgence of violent antigovernment militants including white supremacists and opponents of abortion He argues that the war on terrorism did not end with Osama bin Laden's death and that ongoing instability and strife in Syria Iraq Afghanistan Libya and Yemen among other places will both sustain terrorist movements and have broad implications for domestic and international security around the globe

**Satanic Purses** R.T. Naylor, 2006-08-03 In a savage critique R T Naylor investigates the American government's understanding of and response to 9/11 exposing the official story and the resulting global War on Islamic Terror as based on myth and misinformation Satanic Purses examines how misguided notions about the structure and financing of terrorist groups have diverted attention from more useful measures and perpetuated the War on Terror
