Biography contains 250 entries on the lives of the individuals who shaped their times and left their mark on world history. This is not a who's who. Instead, each entry provides an in-depth essay on the life and career of the individual concerned. Essays commence with a quick reference section that provides basic facts on the individual's life and achievements. The extended biography places the life and works of the individual within an historical context, and the summary at the end of each essay provides a synopsis of the individual's place in history. All entries conclude with a fully annotated bibliography.

Puccini's La Bohème Alexandra Wilson, 2021. Giacomo Puccini's *La Bohème* is one of the most frequently performed operas in the world. But how did it come to be so adored? In this book, author Alexandra Wilson traces *La Bohème*'s rise to fame and demonstrates that its success grew steadily through stage performances, recordings, filmed versions, and the endorsements of star singers. More recently, popular songs, film soundtracks, and musicals that draw on the opera's music and themes added further to its immense cultural impact. This cultural history offers a fresh reading of a familiar work. Wilson argues that *La Bohème*'s approach to realism and its flouting of conventions of the Italian operatic tradition made it strikingly modern for the 1890s. She explores how Puccini and his librettists engaged with gender, urban poverty, and nostalgia themes that grew out of the work's own time and continue to resonate with audiences more than 120 years later. Her analysis of the opera's depiction of Paris reveals that *La Bohème* was not only influenced by the romantic mythologies surrounding the city to this day but also helped shape them. Wilson's consideration of how directors have reinvented this opera for a new age completes this fascinating history of *La Bohème*, making it essential reading for anyone interested in this opera and the works it inspired.
