LOLLY,2025-02-04 Pugs are one of the oldest known dog breeds with a rich history that dates back more than 2 000 years Their origin can be traced to China where they were bred as companion dogs for royalty and aristocrats The Pug s journey from the palaces of ancient China to becoming one of the most beloved dog breeds worldwide is a fascinating tale of loyalty affection and enduring charm The Chinese Origins Pugs were originally bred during the Han Dynasty 206 BC 220 AD making them one of the oldest known dog breeds They were highly valued by Chinese emperors and aristocrats often living in luxurious conditions within royal palaces These small flat faced dogs were bred to be companions rather than working dogs which is why they have such a strong attachment to their owners even today The Chinese referred to these dogs as Lo sze and they were often associated with Buddhist monks particularly those in Tibet Monks in Tibetan monasteries kept Pugs as companion dogs believing they brought good fortune and peace The breed was selectively bred for specific traits such as their distinctive wrinkled forehead which some believed resembled the Chinese character for prince During this time Pugs were considered so valuable that they were often given as gifts to foreign dignitaries further spreading their popularity outside of China However they remained a closely guarded breed within the royal courts of China for centuries Pugs in Europe The Royal Companion By the 16th century Pugs had made their way to Europe thanks to Dutch traders who brought them back from China The breed quickly gained favor among European aristocrats and royalty One of the most well documented examples of a royal family that adored Pugs was the House of Orange in the Netherlands In 1572 a Pug named Pompey allegedly saved the life of Prince William of Orange by alerting him to the approach of Spanish assassins As a result

Pugs became the official dog of the Dutch royal family and were often depicted in paintings and family portraits Pugs also became popular in other European countries In France they were favored by Napoleon Bonaparte s wife Josephine who used her Pug Fortune to carry secret messages to her husband while she was imprisoned In England Queen Victoria adored Pugs and played a significant role in shaping the breed s modern characteristics She owned several Pugs and even encouraged responsible breeding practices
