Complete Of The Winter Olympics 1998:

The Palgrave Handbook of Olympic Studies H. Lenskyj, S. Wagg, 2012-04-11 A comprehensive state of the art reference collection bringing together an authoritative and international line up of scholars to examine key social and political issues related to the Olympics An essential one stop volume for a wide range of academics students and researchers

The Olympic Games Effect John A. Davis, 2012-01-11 Marketing at the Olympics the attraction and the rewards Essential reading in preparation for the 2012 London Olympics the newly revised and fully updated second edition of The Olympic Games Effect offers fascinating sports marketing and branding insights into the promotion of the Games themselves and their unique attraction for corporations in particular The important lessons of past Olympics will be used to show a hundred year plus tradition based on a several thousand year old testament to the love of sports and competition revealing how in recent years this has evolved into a seductively attractive vehicle for a wide range of audiences from consumers to corporations Loaded with historical information on the Olympics the book traces the history of the Olympics back to 776 BC This legacy is vital to the ongoing success of the Olympics and is at the heart of why brands care so much Packed with illustrations that illustrate how the Games have become arguably the world s most successful sports event and the marketing opportunities this has led to Includes relevant business strategies and recommendations to help companies understand how to make more effective sports sponsorship decisions This timely new edition of The Olympic Games Effect shows the value contributed by sponsoring the world s premier sporting event and explains how by extension other global sports events have the potential to generate similarly impressive results for their sponsors

The Olympic Games Stephen Currie, 1999 Discusses various aspects of the Olympic games including their history politics commercialization size participation and drug use

Sports around the World John Nauright, 2012-04-06 This multivolume set is much more than a collection of essays on sports and sporting cultures from around the world it also details how and why sports are played wherever they exist and examines key charismatic athletes from around the world who have transcended their sports Sports Around the World History Culture and Practice provides a unique global overview of sports and sports cultures Unlike most works of this type this book provides both essays that examine general topics such as globalization and sport international relations and sport and tourism and sport as well as essays on sports history culture and practice in world regions for example Latin America and the Caribbean the Middle East and North Africa Europe and Oceania in order to provide a more global perspective These essays are followed by entries on specific sports world athletes stadiums and arenas famous games and matches and major controversies Spanning topics as varied as modern professional cycling to the fictional movie Rocky to the deadly ball game of the ancient Mayans the first three volumes contain overview essays and entries for specific sports that have been and are currently practiced around the world The fourth volume provides a compendium of information on the winners of major sporting competitions from around the world Readers will gain invaluable insights into how sports have been enjoyed

throughout all of human culture and more fully comprehend their cultural contexts The entries provide suggestions for further reading on each topic helpful to general readers students with school projects university students and academics alike Additionally the four volume Sports Around the World spotlights key charismatic athletes who have changed a sport or become more than just an outstanding player
