Wanner, 2010 Review text Without a doubt the volume in its entirety is inspiring The articles are all written in an accessible style so that the publication is suitable not only for experts but also for students of linguistics It is recommendable to all who want to broaden their horizons and embark on linguistic studies at the borders of traditional sub disciplines Sixta Quassdorf in *Linguist List* 22 3028 *Composing for the Red Screen* Kevin Bartig, 2013-04-04 Sound film captivated Sergey Prokofiev

during the final two decades of his life he considered composing for nearly two dozen pictures eventually undertaking eight of them all Soviet productions Hollywood luminaries such as Gloria Swanson tempted him with commissions and arguably more people heard his film music than his efforts in all other genres combined Films for which Prokofiev composed in particular those of Sergey Eisenstein are now classics of world cinema Drawing on newly available sources *Composing for the Red Screen* examines for the first time the full extent of this prodigious cinematic career Author Kevin Bartig examines how Prokofiev's film music derived from a self imposed challenge to compose serious music for a broad audience The picture that emerges is of a composer seeking an individual film music voice shunning Hollywood models and objecting to his Soviet colleagues ideologically expedient film songs Looking at Prokofiev's film music as a whole with well known blockbusters like *Alexander Nevsky* considered alongside more obscure or aborted projects reveals that there were multiple solutions to the challenge each with varying degrees of success Prokofiev carefully balanced his own populist agenda the perceived aesthetic demands of the films themselves and later on Soviet bureaucratic demands for accessibility The First Epoch Luba

Pritchett, 2011-10-28 V S Pritchett is widely and justly regarded not only as one of the finest short story writers of this century but as a critic and essayist of astonishing range perception and originality Combining an unpretentious common sense with a rare genius for the illuminating insight into the familiar and the neglected alike his criticism is all the more valuable in an age in which the study of literature has become increasingly arid and arcane and unlike so many of his academic counterparts V S Pritchett has always had a remarkable ability to epitomise a writer's work and convey his own enthusiasm for it within the compass of a short and eminently accessible essay First published in 1985 *A Man of Letters*
