the eighteenth century in the making of judgments and in the pricking of critical pretension For this reason they indicate the role that laughter may still have in criticism today and provide an encouraging precedent for its future *Lectures on the Philosophy of Law* James Hutchison Stirling,2025-11-26 Reprint of the original first published in 1873 The Antigonos publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage *I.
