Complicit Fictions:

Complicit Fictions James A. Fujii, 2023-09-01 In *Complicit Fictions* James Fujii challenges traditional approaches to the study of Japanese narratives and Japanese culture in general. He employs current Western literary critical theory to reveal the social and political contest inherent in modern Japanese literature and also confronts recent breakthroughs in literary studies coming out of Japan. The result is a major work that explicitly questions the eurocentric dimensions of our conception of modernity. Modern Japanese literature has long been judged by Western and Japanese critics alike according to its ability to measure up to Western realist standards, standards that assume the centrality of an essential self or subject. Consequently, it has been made to appear deficient, derivative, or exotically different. Fujii challenges this prevailing characterization by reconsidering the very notion of the subject. He focuses on such disparate twentieth-century writers as Natsume Soseki, Tokuda Shusei, Shimazaki Toson, and Origuchi Shinobu, and particularly on their divergent strategies to affirm subjecthood in narrative form. The author probes what has been ignored or suppressed in earlier studies: the contestation that inevitably marks the creation of subjects in a modern nation-state. He demonstrates that as writers negotiate the social imperatives of national interests, which always attempt to dictate the limits of subjecthood, they are ultimately unable to avoid complicity with the aims of the state. Fujii confronts several historical issues in ways that will enlighten historians as well as literary critics. He engages theory to highlight what prevailing criticism typically ignores: the effects of urbanization on Japanese family life, the relation of literature to an emerging empire, and to popular culture, the representations of gender, family, and sexuality in Meiji society. Most important is his exposure of the relationship between state formation and cultural production. His skillful weaving of literary theory, textual interpretation, and cultural history makes this a book that students and scholars of modern Japanese culture will refer to for years to come. In *Complicit Fictions*, James Fujii challenges traditional approaches to the study of Japanese narratives and Japanese culture in general. He employs current Western literary critical theory to reveal the social and political contest inherent in mod

Murakami Haruki Michael Seats, 2009-01-01 This book offers a new approach to dealing with Murakami's radical narrative project by demonstrating how his first and later trilogies utilize the structure of the simulacrum, a second-order representation to develop a complex critique of contemporary Japanese culture.

Complicit Stephanie Kuehn, 2014-06-24 Jamie's mother was murdered when he was six; about seven years later, his sister Cate was incarcerated for burning down a neighbor's barn, and now Jamie, fifteen, learns that Cate has been released and is coming back for him, blaming him for all the bad things that led to her arrest. **The Complicit Text** Ivan Stacy, 2020-12-10 *The Complicit Text: Failures of Witnessing in Postwar Fiction* identifies the causes of complicity in the face of unfolding atrocities by examining the works of Albert Camus, Milan Kundera, Kazuo Ishiguro, W.G. Sebald, Thomas Pynchon, and Margaret Atwood. Ivan Stacy argues that complicity often stems from narrative failures to bear witness to wrongdoing. However, literary fiction, he contends, can at once embody and examine forms of complicity on three different levels: as a theme within literary

texts as a narrative form and also as it implicates readers themselves through empathetic engagement with the text Furthermore Stacy questions what forms of non complicit action are possible and explores the potential for productive forms of compromise Stacy discusses both individual dilemmas of complicity in the shadow of World War II and collective complicity in the context of contemporary concerns such as the hegemony of neoliberalism and the climate emergency
