

THE PRINCIPLES OF RIDING

Germany has won more championship medals in equestrian competitions than any other country in the world. This success is largely due to the riders and teachers receiving a thorough training based on a clear system. The German National Federation has produced a series of books explaining the system, and they are considered essential literature for riders and instructors training in Germany. This is the first English-language edition of Book 1 in the series.

'I am quite sure that we shall all be able to learn a great deal from this book.'
