Complete Thinker:

The Complete Thinker Dale Ahlquist,2012-09-21 What does it mean to be a complete thinker It means being able to take on a wide variety of ideas and disciplines and put them all together in a way that they work together It means thinking like G K Chesterton The English author G K Chesterton 1874 1936 was one of the most prolific and well known writers of his time and one of the most widely quoted in our own For newspapers and magazines he wrote social commentary literary criticism and poetry with poignancy and wit Creator of the beloved detective Father Brown Chesterton also wrote novels and short stories Thinking wrote Chesterton means connecting things His ideas are not only connected to each other they are also connected to us showing that the thought of Chesterton is timeless In a world of increasing specialization Chesterton connects us to the big picture by helping us see how the many and varied elements within our experience fit together He sheds light on almost every subject and opens doors from one thing to another with dazzling clarity Drawing on literally hundreds of references from Chesterton s vast writings Dale Ahlquist conducts a symphony with Chesterton playing all the instruments in perfect harmony Chesterton s thoughts on almost everything from east to west from old to new from politics to economics from Shakespeare to Dickens are woven together to create an illuminating whole **The Complete Thinker**
