Kristeva contrasts with Canetti's emphasis on shock. Canetti's response to the Holocaust constitutes in Dominick LaCapra's terms an acting out of trauma. A comparison between Canetti's *Masse und Macht* and the anthropological texts he uses brings to the fore his bleak depiction of humanity. By contrast, Steiner, in comparison to Canetti, lays emphasis on working through the Holocaust, that is to say on overcoming the paralysis of trauma by reflecting critically on values that might transform a damaged society. However, Canetti's depiction of humanity cannot entirely be seen in LaCapra's notion of acting out for through the shock of acting out. Canetti nonetheless wants to bring about a working through. Similarly, despite the working through shock and trauma are dramatized in Steiner's poetry and his aphoristic writings. Moreover, Canetti thematizes an ethical impact on his readership in his aphorisms. In response to the Holocaust, both writers advance a theory of power, what Steiner calls danger. Canetti attacks as death Steiner's and Canetti's respective responses to the Holocaust consists in a critique of static ways of thought affirming metamorphosis and deconceptualized understanding of the world which connects linguistic fluidity to the everchanging contextualities of social and embodied life.

Crowds, Power, and Transformation in Cinema Lesley Brill, 2006. A noted critic brings crowd theory to Film Studies, offering a bold new analysis of the pervasive cinematic themes of transformation and power. From *Intolerance* to *The Silence of the Lambs*, motion pictures show crowds and power in complex, usually antagonistic relationships. Key to understanding this opposition is an intrinsic capability of the cinema: transformation. Making unprecedented use of Elias Canetti's *Crowds and Power*, Lesley Brill explores crowds, power, and transformation throughout film history. The formation of crowds, together with crowd symbols and representations of power, create complex unifying structures in two early masterpieces: *The Battleship Potemkin* and *Intolerance*. In *Throne of Blood*

power seekers become increasingly isolated while the crowd of the dead seduces and overwhelms the living The conflict between crowds and power in Citizen Kane takes place both within the protagonist and between him and the people he tries to master North by Northwest Killer of Sheep and The Silence of the Lambs are rich in hunting and predation and show the crowd as a pack transformation true false and failed is the key to both attack and escape Brill s study provides original insights into canonical movies and shows anew the central importance of transformation in film Film theorists critics and historians will value this fresh and intriguing approach to film classics which also has much to say about cinema itself and its unique relationship to mass audiences
