Clifford Smyth

Cruellest Month:

The Cruellest Month Louise Penny, 2008-03-04 Read the series that inspired Three Pines on Prime Video The Cruellest Month is the third book in Louise Penny's award-winning Three Pines mystery series featuring the wise and beleaguered Inspector Armand Gamache. Many mystery buffs have credited Louise Penny with the revival of the type of traditional murder mystery made famous by Agatha Christie. Sarah Weinman Welcome to Three Pines where the cruellest month is about to deliver on its threat. It's spring in the tiny forgotten village buds are on the trees and the first flowers are struggling through the newly thawed earth. But not everything is meant to return to life. When some villagers decide to celebrate Easter with a sance at the Old Hadley House they are hoping to rid the town of its evil until one of their party dies of fright. Was this a natural death or was the victim somehow helped along? Brilliant, compassionate Chief Inspector Armand Gamache of the S ret du Qu bec is called to investigate in a case that will force him to face his own ghosts as well as those of a seemingly idyllic town where relationships are far more dangerous than they seem.

The Cruellest Month Louise Penny, 2007 Gamache investigates a death at a s nce.

Next Line, Please David Lehman, 2018-03-15 In this book David Lehman, the longtime series editor of the Best American Poetry, offers a masterclass in writing in form and collaborative composition. An inspired compilation of his weekly column on the American Scholar website, Next Line Please makes the case for poetry open to all. Next Line Please gathers in one place the popular column's plethora of exercises and prompts that Lehman designed to unlock the imaginations of poets and creative writers. He offers his generous and playful mentorship on forms such as the sonnet, haiku, tanka, sestina, limerick, and the cento, and shares strategies for how to build one line from the last. This groundbreaking book shows how pop-up crowds of poets can inspire one another, making art with what poet and guest editor Angela Ball refers to as spontaneous feats of language. How can poetry thrive in the digital age? Next Line Please shows the way Lehman writes. There is something magical about poetry, and though we think of the poet as working alone, working in the dark, it is all the better when a community of like-minded individuals emerges, sharing their joy in the written word.

Reflections for a Better Life Christopher Perry, 2013-07-17 *Reflections for a Better Life* grew out of a desire to answer questions about the relevance of the biblical message to modern life and particularly how to live a better life. Although most of them are exhortatory, many are simply meditations on common themes and are meant to be thought and action provoking rather than authoritative pronouncements on faith or morals. Like the Bible itself, they are often meant to call the reader, him or herself, into question and to facilitate reflections on one's life and one's relationship to God.

Ernest Buckler Marta Dvořák, 2001-09-14 Margaret Atwood called Ernest Buckler one of the pathbreakers for the modern Canadian novel, yet he has slipped into relative obscurity. This new book by Marta Dvořák, *Ernest Buckler: Rediscovery and Reassessment*, breaks new ground in Canadian literary studies by analyzing some of Buckler's works that have remained unknown or unexplored by critics and by addressing the formalistic innovations of these texts. It allows a general readership to discover and an

international specialized readership to reassess the wide even eclectic scope of an author best known for his first novel *The Mountain and the Valley* Marta Dvořák situates Buckler firmly within his cultural and intellectual environment She argues the importance of his connections with Emerson and the American transcendental milieu and demonstrates his links with Romantics such as Schopenhauer and Shelley and modernists like Joyce Faulkner and Mansfield as well as intellectuals from Aristotle to Aquinas She explores his philosophical vision and his complex adventurous relationship with language Extracts from Buckler's published and unpublished material juxtaposed with those from a wide range of writers from Henry James to Foucault offer new illuminating perspectives The progressive structure of the book will draw readers in to discussions on shared concerns the nostalgia for a vanished past the relationship between family and community the rural and the urban or the questioning of and coming to terms with ethics and the social fabric of today's rapidly changing technological horizon in which traditional values are eroding
