# CRUSADERS:

VOICES FROM THE  
ABORTION FRONT

MARIAN FAUX

Author of *ROSE & HELEN*

# Crusaders Voices From The Abortion Front

**Maureen Harrison, Steve Gilbert**

## **Crusaders Voices From The Abortion Front:**

Crusaders Marian Faux,1990 Tells the true stories of the movers and shakers on both sides of the abortion issue

**Abortion-- Murder Or Mercy?** François B. Gérard,2001 This book is meant to provide an overview of and gather the literature on abortion one of the most divisive issues of our times Honest women and men the world over must deal with this issue in their hearts and minds whether or not they ever face the issue personally It is hard to conceive of a single thinking person who doesn't have an opinion on abortion usually strongly held The arguments are cogent on both sides of the issue We hope that this collection will bring to the attention of readers the publications which shed light on the fundamental issues involved

**Being Right** Mary Jo Weaver,R. Scott Appleby,1995 Being Right is a significant book and a good read for anyone seriously interested in contemporary American religion Nova Religio It will be very useful to historians challenging to theologians and indispensable to anyone trying to make sense of the bewildering variety of Catholic presence in the contemporary United States American Catholic Studies Newsletter Being Right maps the mental universe of this internally diverse group and offers basic insight into how they see things The Reader's Review Editors Mary Jo Weaver and R Scott Appleby and their collaborators immerse us in a roiling sea of contested assertion and testimony First Things An in depth look at these groups both as they see themselves and as they appear to trained scholars David J O'Brien College of Holy Cross Compliments must be given to Weaver and Appleby who were able to recruit a distinguished yet impassioned group of essayists for this work Journal of Church and State Whether they focus their criticism on pro choice rhetoric and artificial birth control or the removal of religious symbols from public squares the Catholics profiled in this book agree that the contemporary church is in crisis

**And with All Your Mind** Steven H. Propp,2010-12-21 Its 1971 and Silas Baker is a high school senior in California whose main interests are basketball and weekend parties But his life takes a dramatic turn when he encounters a group of committed Christians who soberly inform him that Jesus is coming soon They enroll at Riverstent Bible College Its an exciting time as leading Bible teachers have predicted that Jesus will return to Rapture his Church within one generation of the 1948 formation of the State of Israel Popular movies further inflame this passion as the eager students study Apologetics and Biblical Archaeology aberrant theologies such as the Death of God movement and even conflicting interpretations of the End Times An activist spirit develops within evangelicalism culminating in the so called Christian Right as the evangelical world is rocked in the aftermath of the televangelist scandals Confronted by world views such as Calvinism and Christian Reconstruction the characters passionately debate controversies such as Biblical Inerrancy and the age of the cosmos in addition to challenging evangelicals who deny traditional doctrines such as that of endless punishment in Hell or who promote an Open yet limited concept of God himself As society evolves so does evangelicalism seeker sensitive megachurches appear while Postmodernism and the Emergent Church become realities Theologians wrestle with the question of divorce and remarriage and the role of women in the church as well as the divisive issue of homosexuality As they

struggle with life's realities they ultimately must also respond to non-Christians who are alienated, indifferent, or engaged in active opposition to Christianity while searching for the meaning of Christian faith in the modern world Living in the Crosshairs David S. Cohen, Krysten Connon, 2015-04-13 Abortion is a legal, common, and safe medical procedure that one in three American women will undergo. Yet ever since *Roe v. Wade* was decided in 1973, anti-abortion forces have tried nearly every tactic to eliminate it. Legislative and judicial developments dominate the news, but a troubling and all too common phenomenon—targeted vigilante action against individual abortion providers—is missing from the national discussion, only cropping up when a dramatic story like the murder of an abortion provider pushes it to the forefront. Every day, men and women who are associated with abortion care are harassed, threatened, stalked, picketed, sent hate mail, and otherwise terrorized. Those who seek help from the law are sometimes successful but not always, either because there are insufficient protections built into the law or because law enforcement officials fail to respond. In *Living in the Crosshairs*, the voices of these providers are heard for the first time through extensive interviews that David S. Cohen and Krysten Connon conducted across the country. Abortion providers are targeted at home, at work, or in community spaces; they can be harassed in person or online. Abortion opponents target not only the providers themselves but also may go after their families, neighbors, and others close to them. This kind of targeting happens anywhere in the country, not just in more conservative areas, and can victimize all providers, not just high-profile doctors. For some, being the victim of targeted harassment inspires significant fear and leads to changes in behavior; for others, it has become a normal part of life, and for yet others, it actively strengthens their resolve. The response of law enforcement at the federal, state, and local levels is spotty, though there are some strong laws on the books. Especially at the federal level, abortion providers have had mixed experiences when it comes to legal recourse, and effectiveness varies. Drawing on ideas from the interviews, the authors propose several legal and societal reforms that could improve the lives of providers, foremost among them redefining targeted harassment as terrorism rather than protest. *Living in the Crosshairs* is a rich and humane portrait of women's health professionals who persist in their work despite harassment because they believe in what they are doing. These providers' voices have not been heard in recent debates, leaving the public with a deficient understanding of exactly how abortion is limited in this country, yet their experiences illuminate the truth of the issue and offer us a path to a better policy. Between Law and Politics Richard Jr. Pacelle, 2003-03-04 At the intersection of law and politics stands the U.S. Solicitor General. Although even the informed public rarely thinks of the solicitor general in relation to the major issues that have challenged American society, this office actually has considerable control over the cases the Supreme Court addresses. To bring the Office of Solicitor General (OSG) out of the shadows and into the clear light of public attention, *Between Law and Politics* looks at three hotly contested policy areas: race, gender, and reproductive rights, to see how the office balances the goals of the president, Congress, and the Supreme Court. The OSG is charged with helping the Supreme Court build a coherent doctrine and imposing some stability on the law. At the same time

the solicitor general is a presidential appointee Deciding which cases to appeal arguing those cases before the Supreme Court and filing friendofthecourt briefs means the solicitor general plays an important role in furthering the policy objections of the current administration Therein lies the tension between law and politics that is at the heart of the calculations the solicitor general makes on a daily basis Using interviews with solicitors general and their staffs members of the Department of Justice and others and analyzing Supreme Court cases beginning with the Truman administration Richard Pacelle shows how the OSG balances the competing forces in its environment His analysis is undergirded by aggregate analysis of the data gathered This detailed and systematic study will be of great interest to those who study the Supreme Court the presidency and public policy It is unique in its close examination of a number of particular areas of law and the strength and persuasiveness of its analysis of the competing constituencies that face the Office of the Solicitor General The timeliness and controversial nature of the policy areas Pacelle examines give the book further importance to students of American politics

**No Choice** Becca Andrews,2022-10-11 Named one of Mother Jones BOOKS WE NEEDED IN 2022 An in depth look at the legacy of Roe v Wade and on the ground reporting from the front lines of the battle to protect the right to choose The pieces started to fall in 2019 when a wave of anti abortion laws went into effect Georgia Ohio Mississippi Louisiana and Kentucky banned abortion after six weeks of pregnancy while Missouri banned the procedure at eight weeks Alabama banned all abortions The die was cast And on June 24 2022 the Supreme Court overturned Roe v Wade and abortion immediately became illegal in 22 states No Choice begins by shining a light on the eerie ways in which life before Roe will be mirrored in life after The wealthy and privileged will still have access low income people will suffer disproportionately and pregnancy will be heavily policed Then Andrews takes us to the states and communities that have been hardest hit by the erosion of abortion rights in this country and tells the stories of those who are most at risk from this devastating reversal of settled law There is a glimmer of faint hope though As the battle moves to state legislatures around the country the book profiles the people who are doing groundbreaking inspiring work to ensure safe legal access to this fundamental part of health care Tools of the Writer's Trade American Society of Journalists and Authors,1990 In Tools of the Writer s Trade members of the American Society of Journalists and Authors tell all about the equipment and services they find the best including advice on computers hardware and software copiers and their accessories information sources travel tips stationery and much more

**American Bookseller** ,1989 *Dictionary of Values* Tomas Donato Andres,2000 *Abortion Decisions of the United States Supreme Court* Maureen Harrison,Steve Gilbert,1993 The third volume of a three volume history of abortion decisions

**Caught in the Crossfire** Sue Hertz,1991 Author s narrative of the year she spent in and around New England s largest abortion clinic **Current Publications in Legal and Related Fields** ,1991 The Anti-abortion Movement and the Rise of the Religious Right Dallas A. Blanchard,1994 Sociologist and anthropologist Blanchard chronicles the evolution of the anti abortion movement in the US from the modest efforts mostly by priests and other Catholics in the 1960s through the major

liberalizing court decisions to the volatile and often violent protests of the 1990s He says the single most important development has been the merging of the movement with the conservative political ideology of cultural fundamentalism Paper edition unseen 14 95 Annotation copyright by Book News Inc Portland OR **Choice** ,1991 May it Please the Court Stephanie Guitton,Peter H. Irons,1995 Presents eight major cases on reproductive rights Tapes introduce each case and include commentary about them Book includes transcripts of the arguments excerpts from the final decisions reading lists and a chronology of court history on reproductive rights The Parent's Desk Reference Irene M. Franck,David M. Brownstone,1991 An encyclopedia about parenting with over 2 000 entries covering all aspects of child rearing from A to Z

*The Anti-abortion Movement* Dallas A. Blanchard,1996 Blanchard then offers insightful annotations on a wide variety of essential resources including writings on major movement organizations anti abortion support and service organizations political activities and events movement tactics membership recruitment and training the movement and the media and the religious basis of the movement **Abortion** Marie Costa,1991 Opposition and Intimidation Alesha Doan,2007 Publisher description
