[We Are Cuba!](#) Helen Yaffe, 2020-04-06 The extraordinary account of the Cuban people's struggle for survival in a post Soviet world In the aftermath of the fall of the Soviet Union Cuba faced the start of a crisis that decimated its economy Helen Yaffe examines the astonishing developments that took place during and beyond this period Drawing on archival research and interviews with Cuban leaders thinkers and activists this book tells for the first time the remarkable story of how Cuba survived while the rest of the Soviet bloc crumbled Yaffe shows how Cuba has been gradually introducing select market reforms While the government claims that these are necessary to sustain its socialist system many others believe they herald a return to capitalism Examining key domestic initiatives including the creation of one of the world's leading biotechnological industries its energy revolution and medical internationalism alongside recent economic reforms Yaffe shows why the revolution will continue post Castro This is a fresh compelling account of Cuba's socialist revolution and the challenges it faces today

Covert City Vince Houghton, Eric Driggs, 2024-04-23 Secret operations corruption crime and a city teeming with spies why Miami was as crucial to winning the

Cold War as Washington DC or Moscow The Cuban Missile Crisis was perhaps the most dramatic and dangerous period of the Cold War What's less well known is that the city of Miami mere miles away was a pivotal though less well known part of Cold War history With its population of Communist exiles from Cuba its strategic value for military operations and its lax business laws Miami was an ideal environment for espionage Covert City tells the history of how the entire city of Miami was constructed in the image of the US Cuba rivalry From the Bay of Pigs invasion to the death of Fidel Castro the book shows how Miami is a hub for money and cocaine but also secrets and ideologies Cuban exiles built criminal and political organizations in the city leading Washington to set up a CIA station there codenamed JMWAVE It monitored gang activities plotted secret operations against Castro and became a base for surveilling Latin American neighbors The money and infrastructure built for the CIA was integral to the development of Miami Covert City is a sweeping and entertaining history full of stunning experimental operations and colorful characters a story of a place like no other *Without Fidel* Ann Louise Bardach, 2009-10-06 From the award winning reporter and go to source on Cuban Miami politics Ann Louise Bardach comes a riveting eye opening account of the last chapter in the life of Fidel Castro his near death and marathon finale his enemies and their fifty year failed battle to eliminate him and the carefully planned succession and early reign of his brother Raul Ann Louise Bardach offers a spellbinding chronicle of the Havana Washington political showdown drawing on nearly two decades of reporting and countless interviews with everyone from the Comandante himself his co ruler and brother Raul and other family members to ordinary Cubans as well as officials and politicians in Miami Havana and Washington The result is an unforgettable dual portrait of Fidel and Raul Castro arguably the most successful and enduring political brother team in history Since 1959 Fidel Castro has been the supreme leader of Cuba deftly checkmating his foes both from within and abroad confronting eleven American presidents and outfoxing dozens of assassination attempts vanquished only by collapsing health As night descends on Castro's extraordinary fifty year reign Miami Havana and Washington are abuzz with anxious questions What led to the lightning bolt purge of key Cuban officials in March 2009 Who will be Raul's heir Will the US embargo end now Bardach offers profound and surprising answers to these questions as she meticulously chronicles Castro's protracted farewell and assesses his transformative impact on the world stage and the complex legacy that will long outlive him She reports from three distinct vantage points In Miami where more than one million Cubans have fled she interviews scores of exiles including Castro's would be assassins Orlando Bosch and Luis Posada Carriles in Washington DC she reports on the Obama administration's struggle to formulate a post Castro strategy in Havana she permeates the bubble around the fiercely private and officially retired Castro to ascertain the extent of his undisclosed medical condition Bardach delivers a compelling meditation on one of the most controversial combative and charismatic rulers in history *Without Fidel* includes never before published reporting on Castro his family and his half century grip on the largest country in the Caribbean while assessing how his departure will forever transform politics and policy in the Western Hemisphere and the world The
