**Cuba for Beginners** Rius,1970      **Guerrilla Prince** Georgie Anne Geyer,2001 Syndicated journalist Georgie Anne Geyer calls on her nearly 40 years of experience covering Latin America to create an extraordinary biography that reveals the untold story of Fidel Castro revolutionary and demagogue Based on hundreds of interviews and unique sources including four extensive personal interviews with Castro **Guerrilla Prince** is an intimate and revealing portrait charged with all the electricity of the charismatic leader In this updated edition Ms Geyer presents new insights and addresses the changes since the 1991 release of **Guerrilla Prince** in hardcover the collapse of the Soviet Union the internal unrest and the growing anticipation of a post Castro Cuba      **Guerrilla Prince: The Untold Story Of Fi** Georgie Geyer,2011-02-01 Based on hundreds of interviews conducted over many years in 28 countries including extensive personal interviews with Castro himself Georgie Anne Geyer reveals the untold story of Fidel Castro in this definitive biography      [A Guide to Latin American, Caribbean and U.S. Latino Made Film and Video](#) Karen Ranucci,Julie Feldman,1998-11-05 This unique directory helps educators media users and researchers locate over 400 films and videos made by Latin American and Latino film video makers that are available in the United States It provides descriptions of these works from a U S user s point of view

**Bibliographic Guide to Latin American Studies** ,1981      *Don't Thank Me For My Service* S. Brian Willson,2018-11-15 Viet Nam veteran S Brian Willson was so shocked by the diabolical nature of the US war against Viet Nam irreversible knowledge as he describes it and his own appalling ignorance from his cultural conditioning that it sparked a lifetime of anti war activism This toxic jolt awakened him to the extent to which he and generations of American citizens had thoughtlessly succumbed to the relentless barrage of lies and propaganda that infest US American culture from the military and political parties to religious institutions academic and educational institutions sports fraternal and professional associations the scientific community the economic system and all our entertainment that seek to rationalize its otherwise inexplicable and morally repulsive behavior globally and at home US American history reveals a unifying theme prosperity for a few through expansion at any cost to preserve the exceptional American Way of Life AWOL This has been structurally guided and facilitated by our nation s founding documents including the US Constitution From the beginning the US was envisaged as a White male supremacist state serving to protect and advance the interests of private and commercial property The US waged war in Viet Nam was not an aberration but one of hundreds in a long pattern of brutal exploitation A quick review of the empirical record reveals close to 600 overt military interventions by the US into dozens of countries since 1798 almost 400 since the end of World War II alone and thousands of covert interventions since 1947 This history overwhelms any rhetoric about the United States as a beacon of freedom and democracy committed to promoting domestic and global equal justice under law These interventions have assured de facto subsidies for US American interests regulated global markets on our terms and provided us with access to cheap or free labor and to raw materials Millions of people around the

globe have been murdered with virtual impunity as a result of our interventions in a pattern that illustrates what Noam Chomsky calls the Fifth Freedom the freedom to rob and exploit This freedom is ultimately protected with use of force when a country or movement seeks to protect or advance the domestic needs and desires of its members or citizens for political freedom or economic wellbeing This book provides an invaluable tool for today s activists however they may be similarly shocked into wakefulness
