is one of the most interesting and controversial personalities of our time he has become a myth and an icon He was the first Cuban Caudillo the man who freed his country from dependence on the USA and who lead his people to rediscover their national identity and pride Castro has outlived generations of American presidents and Soviet leaders He has survived countless assassination attempts by the CIA the Mafia and Cubans living in exile He has become one of the greatest politicians of the 20th Century His biography and the history of his country exemplify the tensions between East and West North and South rich and poor As Castro s life draws to a close the question as to what will become of Cuba is more important that ever Will Castro open Cuba to economic reform and democratization or stick to his old slogan socialism or death In this remarkable up to date reconstruction of Castro s life Volker Skierka addresses these questions and provides an account of the economic social and political history of Cuba since Castro s childhood He draws on a number of little known sources including material from the East German communist archives on Cuba which were until recently inaccessible This is an exciting painstakingly researched and authortiative account of the life of one of the most extraordinary political figures of our time Paperbound Books in Print ,1992 Books in Print ,1994 **Forthcoming Books** Rose Army,1988-09 Problems of Succession in Cuba ,1985 **Subject Guide to Children's Books in Print 1997** Bowker Editorial Staff,R R Bowker Publishing,1996-09 *ISLA* ,1987-07 Clippings of Latin American political social and economic news from various English language newspapers **Problems of Post-communism** ,1999 *People and Issues in Latin American History* Lewis Hanke,Jane M. Rausch,2006 With a section on Hugo Chavez this work focuses on the social history and the analysis of the spectrum of revolutionary change since Bolivar It also includes sections such as Simon Bolivar The Liberator The Age of Caudillos Juan Manuel de Rosas and Hugo Chavez A Venezuelan Populist in the Era of Globalization Last Resort Beyond Last Resort Walter Herbst,2025-04-29 John F Kennedy was an embattled president He was consistently at odds with the Joint Chiefs the CIA the radical right and Fascist groups in America and Western Europe who considered him too weak to contain the spread of communism After the Cuban Missile Crisis the animosity for the young President grew as JFK cracked down on right wing Cuban exile groups in America by preventing them from running sabotage raids against the Cuban mainland Confusion reigned for at the same time Robert Kennedy was putting together a coalition of left wing Cuban exiles to launch a second invasion of Cuba at the end of 1963 Meanwhile a right wing Cuban exile group operating independently of the Kennedys was looking to assassinate JFK which they believed would be a catalyst to compel the United States to invade Cuba with its military in retaliation The plan could have worked because of Lee Harvey Oswald He was a Marxist and Castro supporter who had defected to the Soviet Union in 1959 had renounced his citizenship and had revealed military secrets to the Russians He allegedly tried to shoot right wing General Edwin Walker was a member of the pro Castro Fair Play for Cuba Committee and in the summer of 1963 he was arrested in New Orleans for handing out pro Castro literature in public He traveled to Mexico City and tried to reach Havana two months before the JFK assassination He wrote a letter to the Russian

Embassy in Washington D C upon his return saying he used an alias while he was in Mexico He was measured as 5 9 tall during his autopsy which was two inches shorter than when he left the Marines four years before All this made him the perfect patsy to be used to justify a second invasion of Cuba So why didn t the United States invade Cuba after the JFK assassination when they had the opportunity to do so once and for all The answer to that question is West Berlin the gateway to Western Europe and a city President Kennedy was determined to protect at all costs even if it meant sacrificing Cuba to the Communists And a second invasion of Cuba placed Berlin in jeopardy so it could not be allowed to happen Another group came together in the spring of 1963 made up of CIA right wing Cold War veterans like Allen Dulles James Angleton Henry Hecksher William Harvey and Tracy Barnes These men had fought the Nazis during World War but came to consider them the lesser of two evils compared to the Soviet Union when the war was over And they were hell bent on keeping communism out of Europe by any means possible For over a decade leading up to JFK s Presidency they had collaborated with ex Nazis European Monarchists and French military Fascists in the war against communism to keep Europe safe So it was not surprising that they all came together once again to assassinate President Kennedy not to justify an invasion of Cuba but to prevent that from occurring They knew that if a second invasion of Cuba were to happen the Soviets would take West Berlin which would almost certainly have led to World War III So as a Last Resort Beyond Last Resort this group inevitably concluded that the only choice they had was to remove JFK from power before it was too late And mixed up in the middle of it all was Lee Harvey Oswald
