

CUBAN STORY

Cuban Story

Mary H. Peabody

Cuban Story:

The Cuban Story Herbert Lionel Matthews,1961 *Moncada* PAUL WEBSTER HARE,2010-04-27 *Moncada* is one of the first words young Cuban biologist Felipe Triana learned as he was growing up He was taught to say the word and he was told that it was not just for him but for every Cuban Felipe like many of the other young Cubans has known nothing but the fifty year old revolution which still controls their lives but offers them less and less An unconventional diplomatic story *Moncada* follows the lives of Felipe and six other ordinary Cubans in the week leading up to the major revolutionary festival of *Moncada* thats celebrated on July 26 As the day of the festivities draws near Felipe examines the course of his life in this country From the economy to the living conditions baseball popular Cuban culture and the history of the revolution *Moncada* presents the essence of present day Cuba through the eyes of those living there It gives flavor to a country whose people are deprived of expressing themselves *Beautiful America* Charles Anthony,2019-03-07 *Beautiful America* is a work of historical fiction based on a true story of a family fighting to stay alive during the Cuban Revolutionary War It paints an accurate and colorful portrait of life in Revolutionary Cuba It follows the struggles of a Cuban family facing life and death situations as they support each other and what they believe is a fight for freedom and democracy in their country Cuba in 1958 was primed for revolution President Bautista s regime had opened the island up to the United States investors This included American mobsters and corruption The average Cuban citizen did not frequent the mob run casinos Most lived in poverty and labored in the sugar cane and fruit fields owned by American interest Castro was winning the war and the hearts of many of these Cuban citizens Those that supported Democracy and fought for its survival would soon experience the reality of defeat and ultimately Communism in the Western Hemisphere This well written book explains the extraordinary lengths of one Cuban family attempting to stay together and alive during the Revolution at all cost Lieutenant Rigoberto Gonzalez was serving in the Army to protect his country and family Believing that the United States would soon intervene he continued to support the Bautista government He was also struggling with personal demons that effected his decisions on the battlefield This battle within would ultimately lead him to a dark place with only days to live His mother America was a hardened woman that was not very capable of showing warmth or love to anyone in her life She had been rejected by her family and forced to raise her son alone It took the events of the Revolution for her to see what truly mattered in life She would sacrifice everything to save her only son and help keep their family together Juanita Gonzalez was Rigo s wife and trying to raise her two young children in the middle of a revolution with her husband off fighting in the war Her resolve and commitment to her family would either lead to freedom or their ultimate demise Her actions would have to be sound and she would need to be stronger than the Revolution itself to survive **The Story of Cuba** Murat Halstead,1898 **The Story of Cuba: Her Struggles for Liberty** Murat Halstead,1896 **A History of the Cuban Republic** Charles Edward Chapman,1927 *The History of Cuba* Willis Fletcher Johnson,1920 **Cuba 1952-1959** Manuel Márquez-Sterling,2009

Author Manuel M rquez Sterling writes about Fidel Castro and his revolution from direct personal experience as a historian with broad and deep knowledge of 50s Cuba The author knew and had contact with many of the historical figures in the book s pages His penetrating analysis of the public and behind the scenes events clears the fog and shatters myths to reveal the real story of the Cuban Revolution The book explains how Castro came to power through the convergence of rabid partisanship radical student politics media bias and venal politicians who placed self interest ahead of preserving democracy Facing a constitutional crisis these parties espoused the end justifies the means embracing political gangsterism and eschewing negotiations with political opponents resulting in a power vacuum Castro exploited to seize power Masterful propoganda cast Castro as pro democracy hero avoiding scrutiny of his plans for a totalitarian state under his control

A Cuban Story Marcia Del Mar,1979 *The Plain Story of American History* John Spencer Bassett,1916 **A Story of the World and Its People for Our Little Juniors** Mary H. Peabody,1899 **Cuba: Another Side of the Story** Iris M. Diaz,2010-01-27

Cuba Another Side of the Story is a memoir of how life changed for many children growing up in a country slowly dying under constant political conflict The story is told in three parts Part I Before Castro Part II Life under Castro Part III Life in Exile This book creates a vivid sense of time and place through childhood memories of pre and post Castro Cuba from 1945 to 1967 The forty two stories told through the voice of a child highlight moments of injustice in the eyes of a young girl who does not understand why the world around her is so strange Her nanny a poor black woman shaped her soul and showed her the other side of the story the story of the poor who are voiceless in a world where only those who can afford to pay for elite private schools can get ahead in life This nanny becomes the spiritual guide who enables a very sensitive young child to navigate in a confusing world Every one of the 42 stories focuses on a moment where the child relives memories of what she witnessed growing up The first story is dedicated to Nana the person whose memory guides her to write her life story The title of the stories clearly describe how Nana influenced the author and helped her see the other side of the story El Barrio describes a neighborhood where the rich middle class and the poor lived in close proximity a reflection of what Cuban society was in the 1950 s Everyone lived under the same sun moon and stars but our worlds were very different The chapter about Sunday Mass describes the well dressed parishioners who every Sunday walked through the park next to the Church and ignored the beggars who held their arms out palms up hoping to get a nickel or dime I don t think the beggars got any of the money the priests collected every Sunday because they came back every Sunday I never understood why God didn t take care of everybody the same way Religious conflict plus the rich versus poor struggles are present throughout the book Castro started his revolution claiming he wanted to help the poor In the end everyone including the poor were deceived by a charismatic man who understood what the poor wanted to hear a promise of equality for all His communist doctrine doomed the possibility of ever achieving equality for all During Sunday Mass the priests would often remind poor parishioners how much God loved the needy by quoting verses like Blessed are the poor for they shall inherit the

Kingdom of God or For it is easier for a camel to go through the eye of a needle than for a rich person to enter the kingdom of God Religion and poverty seem to be two themes that prevail throughout this book expressed clearly by the voice of the author who puts into words her thoughts by writing I never understood why God didn't take care of everybody the same way The stories The Day the Old Cuba Died and The Bay of Pigs Invasion describe the days leading to the failed attempt by Cuban exiles to get rid of the Castro regime All hope and dreams died The only dream left was to find a way to leave the island The chapter Adios Cuba is a vivid memory of what it means to become a political exile Exile is more than a change of address it is a spiritual displacement This book is not a research study about Cuban maids family religion or politics it is a story about a young child and the life of her nanny and maids who allowed her to enter their world a world that many don't dare to acknowledge

Reporting the Cuban Revolution Leonard Ray Teel, 2015-12-16 Reporting the Cuban Revolution reveals the untold story of thirteen American journalists in Cuba whose stories about Fidel Castro's revolution changed the way Americans viewed the conflict and altered U.S. foreign policy in Castro's favor Between 1956 and 1959 the thirteen correspondents worked underground in Cuba evading the repressive censorship of Fulgencio Batista's dictatorship in order to report on the rebellion led by Fidel Castro The journalists' stories appeared in major newspapers magazines and national television and radio influencing Congress to abruptly cut off shipments of arms to Batista in 1958 Castro was so appreciative of the journalists' efforts to publicize his rebellion that on his first visit to the United States as premier of Cuba he invited the reporters to a private reception at the Cuban Embassy in Washington where he presented them with engraved gold medals While the medals revealed Castro's perception of the correspondents as like-minded partisans the journalists themselves had no such intentions Some had journeyed to Cuba in pursuit of scoops that could rejuvenate or jump start their careers others sought to promote press freedom in Latin America still others were simply carrying out assignments from their editors Bringing to light the disparate motives and experiences of the thirteen journalists who reported on this crucial period in Cuba's history Reporting the Cuban Revolution is both a masterwork of narrative nonfiction and a deft analysis of the tension between propaganda and objectivity in the work of American foreign correspondents

The Story of Cuba Murat Halstead, 1897

The Cuban People Tell Their True Story Cuba. Ministerio de Información, 1954

Cuba's Wild East Peter Hulme, 2011-01-01 As a whole Cuban history culture and art are often misconstrued with a heritage specific to Havana In Cuba's Wild East Peter Hulme attempts to right this wrong focusing on the eastern region of the island and the specific fictions poetries locations and histories that constitute a specific eastern culture Examining a region with a rich insurgent and revolutionary history Peter Hulme examines the stories of rebellion heroism and sacrifice that are so intimately tied to the places and sites that have now become part of a national pantheon at the same time showing the international influence of US journalists and novelists whose presence in Cuban literature alongside native Cuban writers further defines the region as a place of encounter

Reader's Guide to American History Peter J. Parish, 2013-06-17 There are so many books on so

many aspects of the history of the United States offering such a wide variety of interpretations that students teachers scholars and librarians often need help and advice on how to find what they want The Reader s Guide to American History is designed to meet that need by adopting a new and constructive approach to the appreciation of this rich historiography Each of the 600 entries on topics in political social and economic history describes and evaluates some 6 to 12 books on the topic providing guidance to the reader on everything from broad surveys and interpretive works to specialized monographs The entries are devoted to events and individuals as well as broader themes and are written by a team of well over 200 contributors all scholars of American history

Where the Boys Are Van Gosse,1993-12-17 The ignominious failure of the Bay of Pigs invasion in 1961 marked the culmination of a curious episode at the height of the Cold War At the end of the fifties restless and rebellious youth avant garde North American intellectuals old leftists and even older liberals found inspiration in the images and achievements of Fidel Castro s revolutionary guerrillas Fidelismo swept across the US as young North Americans sought to join the 26th of July Movement in the Sierra Maestra Drawing equally on cultural and political materials from James Dean and Desi Arnaz to C Wright Mills and *Studies on the Left* Gosse explains how the peculiar conjuncture of 1950s America produced the first great Third World solidarity movement the Fair Play for Cuba Committee which became a locus for the New Left emerging from the ashes of Kennedy s New Frontier *Where the Boys Are* captures the strange essence of that much abused decade the 1950s at once demonstrating the perfidy of Cold War American liberal opinion towards Cuba and its revolution while explaining why Fidel and his compa eros made such appealing idols for the young the restless and the politically adventurous

Condition of Affairs in Cuba ,1897 *The Corporation* T. J. English,2018-03-20 A mob saga that has it all brotherhood and betrayal swaggering power and glittering success and a Godfather whose reach seems utterly unrivaled What a relentless irresistible read Don Winslow New York Times bestselling author of *The Border* A fascinating cinematic multigenerational history of the Cuban mob in the US from America s top chronicler of organized crime and New York Times bestselling author of *Havana Nocturne* By the mid 1980s the criminal underworld in the United States had become an ethnic polyglot one of the most powerful illicit organizations was none other than the Cuban mob Known on both sides of the law as the Corporation the Cuban mob s power stemmed from a criminal culture embedded in south Florida s exile community those who had been chased from the island by Castro s revolution and planned to overthrow the Marxist dictator and reclaim their nation An epic story of gangsters drugs violence sex and murder rooted in the streets *The Corporation* reveals how an entire generation of political exiles refugees racketeers corrupt cops hitmen and their wives and girlfriends became caught up in an American saga of desperation and empire building T J English interweaves the voices of insiders speaking openly for the first time with a trove of investigative material he has gathered over many decades to tell the story of this successful criminal enterprise setting it against the larger backdrop of revolution exile and ethnicity that makes it one of the great American gangster stories that has been overlooked until now Drawing on

the detailed reporting and impressive volume of evidence that drive his bestselling works English offers a riveting in depth look at this powerful and sordid crime organization and its hold in the US

Unveiling the Magic of Words: A Report on "**Cuban Story**"
