Crowds Power:

Crowds and Power Elias Canetti, 2021-11-30 *Crowds and Power* is a revolutionary work in which Elias Canetti finds a new way of looking at human history and psychology Breathtaking in its range and erudition it explores Shiite festivals and the English Civil war the finger exercises of monkeys and the effects of inflation in Weimar Germany In this study of the interplay of crowds Canetti offers one of the most profound and startling portraits of the human condition Crowds, Power, and Transformation in Cinema Lesley Brill, 2006-01-09 A noted critic brings crowd theory to Film Studies offering a bold new analysis of the pervasive cinematic themes of transformation and power From *Intolerance* to *The Silence of the Lambs* motion pictures show crowds and power in complex usually antagonistic relationships Key to understanding this opposition is an intrinsic capability of the cinema transformation Making unprecedented use of Elias Canetti's *Crowds and Power* Lesley Brill explores crowds power and transformation throughout film history The formation of crowds together with crowd symbols and representations of power create complex unifying structures in two early masterpieces *The Battleship Potemkin* and *Intolerance* In *Throne of Blood* power seekers become increasingly isolated while the crowd of the dead seduces and overwhelms the living The conflict between crowds and power in *Citizen Kane* takes place both within the protagonist and between him and the people he tries to master North by Northwest *Killer of Sheep* and *The Silence of the Lambs* are rich in hunting and predation and show the crowd as a pack transformation true false and failed is the key to both attack and escape Brill's study provides original insights into canonical movies and shows anew the central importance of transformation in film Film theorists critics and historians will value this fresh and intriguing approach to film classics which also has much to say about cinema itself and its unique relationship to mass audiences *The Crowd* Gustave Le Bon, 1926 Hitchcock's People, Places, and Things John Bruns, 2019-05-15 *Hitchcock's People Places and Things* argues that Alfred Hitchcock was as much a filmmaker of things and places as he was of people Drawing on the thought of Bruno Latour John Bruns traces the complex relations of human and nonhuman agents in Hitchcock's films with the aim of mapping the Hitchcock landscape cognitively affectively and politically Yet this book does not promise that such a map can or will cohere for Hitchcock was just as adept at misdirection as he was at direction Bearing this in mind and true to the Hitchcock spirit *Hitchcock's People Places and Things* anticipates that people will stumble into the wrong places at the wrong time places will be made uncanny by things and things exchanged between people will act as not so secret agents that make up the perilous landscape of Hitchcock's work This book offers new readings of well known Hitchcock films including *The Lodger* *Shadow of a Doubt* *Psycho* *The Birds* and *Marnie* as well as insights into lesser discussed films such as *I Confess* and *Family Plot* Additional close readings of the original theatrical trailer for *Psycho* and a Hitchcock directed episode of *Alfred Hitchcock Presents* expand the Hitchcock landscape beyond conventional critical borders In tracing the network of relations in Hitchcock's work Bruns brings new Hitchcockian tropes to light For students scholars and serious fans the author promises a thrilling critical

navigation of the Hitchcock landscape with frequent mental shake ups that Hitchcock promised his audience

Crowd Scenes Michael Tratner,2008 The movies and the masses erupted on the world stage together In a few decades around the turn of the twentieth century millions of persons who rarely could afford a night at the theater and had never voted in an election became regular paying customers at movie palaces and proud members of new political parties The question of how to represent these new masses fascinated and plagued politicians and filmmakers alike Michael Tratner examines the representations of masses the crowd scenes in Hollywood films from *The Birth of a Nation* through such popular love stories as *Gone with the Wind* *The Sound of Music* and *Dr Zhivago* He then contrasts these with similar scenes in early Soviet and Nazi films What emerges is a political debate being carried out in filmic style In both sets of films the crowd is represented as a seething cauldron of emotions
