Research & Development ,1992 **The Pacific Printer** ,1930 **Ex-Centric Migrations** Hakim Abderrezak, 2016-06-20 Plunges the reader into a tour de force across radically divergent artistic responses to Mediterranean migration Bulletin of Francophone Postcolonial Studies Ex Centric Migrations examines cinematic literary and musical representations of migrants and migratory trends in the western Mediterranean Focusing primarily on clandestine sea crossings Hakim Abderrezak shows that despite labor and linguistic ties with the colonizer migrants from the Maghreb Morocco Algeria and Tunisia no longer systematically target France as a destination but instead aspire toward

other European countries notably Spain and Italy In addition the author investigates other migratory patterns that entail the repatriation of migrants His analysis reveals that the films novels and songs of Mediterranean artists run contrary to mass media coverage and conservative political discourse bringing a nuanced vision and expert analysis to the sensationalism and biased reportage of such events as the Mediterranean maritime tragedies Ex Centric Migrations is crucial reading for scholars and students of contemporary Maghrebi French and Spanish literatures and cultures It breaks new ground by encompassing the literature film and music of return migration and examining the trajectories of Maghrebi migration outside France H France Hakim Abderrezak convincingly illustrates how politically committed artistic practices serve to humanize the challenges of human migration and in the process dramatically improves our understanding of the complex cultural economic political and social realities that shape 21st century existence Dominic Thomas author of Africa and France Postcolonial Cultures Migration and Racism *Project Abstracts* University of California, Berkeley.
