**The Art of Falling** Lexy Timms, Falling in love is a wonderfully terrifying sensation I couldn t believe it

My very first book was being turned into a movie and my boyfriend was cast in a leading role We packed up for a month of filming in Italy where I was looking forward to long walks in the countryside and stolen kisses under the moonlight The problem was that I didn't want anyone to think that Jace had gotten the part because of me He was talented in his own right and if everyone knew we were an item they would think he was sleeping his way to the top Did I mention that he used to be an escort We decided that the best course of action was to keep our relationship on the down low How hard could it be to keep our hands off each other for a month We had plenty of work to distract ourselves From overbearing costars to constant rewrites we barely had time to sneak off and enjoy the fruits of our labor As the days passed we became less and less concerned about what other people might think Until finally someone caught us and left us in a bind Would Jace have to give up his spot and the chance at a Hollywood career to save my reputation Would I let him do that or would I fall on the sword of my own ruined ambition and come clean
