S. Lumsden,1962 *Etching* Ann Norfield,2019-08-26 Etching can seem mysterious and inaccessible but this practical book guides you through the process to reveal the potential of this distinctive means of creating artists prints With clear instructions and visual guides it explains the many ways that marks are first made on a metal plate before ink is applied and the image transferred onto a sheet of paper The book goes on to introduce a broad menu of techniques allowing the visual artist to develop a uniquely personal approach Explanations are given for photo etching aquatint as well as related intaglio processes such as drypoint and photopolymer This new book encourages artists to experiment and try combining techniques to explore their potential and includes interviews with leading artists explaining their approaches **An Indolent and Blundering Art?** Emma Chambers,1999 English etching changed radically during the 19th century The new style of work gave etching a distinctive appearance which was allied to theories of the sketch and of working direct from nature and reliant on swift execution The freedom and directness of the etching process became a key plank in a sustained effort to raise the status of etching in Britain spearheaded by artists such as Francis Seymour Haden and James McNeill Whistler and members of the Etching Club This volume opens with a

description of the use of language and art criticism to redefine etching as art rather than craft and the use of art institutions and the art market in this process in the first half of the 19th century Focused on Britain the book offers an investigation of the market for etchings in the Victorian period It is arranged around a number of topics including developing styles and the language used to describe the work etching clubs the market hierarchies of medium and genre shifting boundaries between the amateur and professional artist and the prestige of different types of artistic practice such as etching from nature and book illustration
