with Twiti s treatise Former editors of Twiti s work such as Gunnar Tilander and Bror Danielsson were unaware of the existence of the Ashton translation and therefore founded their editions on the Cottonian text or The Craft of Venery both of which are problematic in a number of ways In this volume the Ashton translation is printed opposite a parallel Anglo French text edited from Gonville and Caius College MS 424 448 and is followed by freshly corrected editions of the amplified Cottonian text and The Craft of Venery All three texts are provided with their own comprehensive notes complemented by an integrated glossary that improves on many definitions currently in the Oxford English Dictionary and the Middle English Dictionary
