Abyssinian Chronicles A Novel:

Abyssinian Chronicles Moses Isegawa, 2001-11-13 Like Salman Rushdie's *Midnight's Children* and Gabriel Garcia Marquez's *One Hundred Years of Solitude* Moses Isegawa's *Abyssinian Chronicles* tells a riveting story of twentieth century Africa that is passionate in vision and breathtaking in scope At the center of this unforgettable tale is Mugezi a young man who manages to make it through the hellish reign of Idi Amin and experiences firsthand the most crushing aspects of Ugandan society he withstands his distant father's oppression and his mother's cruelty in the name of Catholic zeal endures the ravages of war rape poverty and AIDS and yet he is able to keep a hopeful and even occasionally amusing outlook on life Mugezi's hard won observations form a *cri de coeur* for a people shaped by untold losses *Abyssinian Chronicles* Moses Isegawa, 2000 Med den unge mand Mugezi som fort ller berettes med humor og skarphed om livet i Uganda f r under og efter Idi Amin

Snakepit Moses Isegawa, 2007-12-18 Praised on both sides of the Atlantic as well as in the author's native Uganda Moses Isegawa's first novel *Abyssinian Chronicles* was a big transcendently ambitious book Boston Globe that blasts open the tidy borders of the conventional novel and redraws the literary map to reveal a whole new world Elle In *Snakepit* Isegawa returns to the surreal brutalizing landscapes of his homeland during the time of dictator Idi Amin when interlocking webs of emotional cruelty kept tyrants gratified and servants cooperative a land where no one not husbands or wives parents or lovers is ever safe from the implacable desires of men in power Men like General Bazooka who rues the day he hired Cambridge educated Bat Katanga as his Bureaucrat Two a man too good at his job and places in his midst and his bed a seductive operative named Victoria whose mission and motives are anything but simple Ambitious and acquisitive more than a little arrogant Katanga finds himself steadily boxed in by events spiraling madly out of control where deception extortion and murder are just so many cards to be played

Science Fiction and the Historical Novel Ian P. MacDonald, Kate Polak, 2024-09-16 If you woke to realize that you could rewrite your yesterday without knowing the kind of tomorrow it would grant you would you do it Are the authors of our destiny working with an outline or spit balling confusing plotlines Since the past changes possible futures to what alighting butterfly should we pay the most heed This book explores the liminal space between speculative fiction and the historical novel Staged as a transnational multicultural conversation it takes up a call originally made by Fredric Jameson in *Archaeologies of the Future* wherein he describes that flashpoint between speculative and historical genres as the symptom of a mutation in our relationship to historical time itself Drawing together postcolonial feminist cultural Indigenous and cognitive approaches *Science Fiction and the Historical Novel* asks what the past can offer a future oriented world and how the future can be imagined in relation to a past that seeks narratives of inevitability rather than possibility Engaged with the idea of the past as a model for the future authors in this volume probe the extent to which historical scripts delimit possibilities and how authors engaged with the practice of alternative pasts rewrite potentialities in the present

The Columbia Guide to East African Literature in English Since 1945 Simon Gikandi, Evan

Mwangi, 2007 *The Columbia Guide to East African Literature in English Since 1945* challenges the conventional belief that the English language literary traditions of East Africa are restricted to the former British colonies of Kenya, Uganda, and Tanzania. Instead, these traditions stretch far into such neighboring countries as Somalia and Ethiopia. Simon Gikandi and Evan Mwangi assemble a truly inclusive list of major writers and trends. They begin with a chronology of key historical events and an overview of the emergence and transformation of literary culture in the region. Then they provide an alphabetical list of major writers and brief descriptions of their concerns and achievements. Some of the writers discussed include the Kenyan novelists Grace Ogot and Ngugi wa Thiong'o, Ugandan poet and essayist Taban Lo Liyong, Ethiopian playwright and poet Tsegaye Gabre Medhin, Tanzanian novelist and diplomat Peter Palangyo, Ethiopian novelist Berhane Mariam Sahle Sellassie, and the novelist M. G. Vassanji, who portrays the Indian diaspora in Africa, Europe, and North America. Separate entries within this list describe thematic concerns such as colonialism, decolonization, the black aesthetic, and the language question; the growth of genres like autobiography and popular literature; important movements like cultural nationalism and feminism; and the impact of major forces such as AIDS, HIV, Christian missions, and urbanization. Comprehensive and richly detailed, this guide offers a fresh perspective on the role of East Africa in the development of African and world literature in English and a new understanding of the historical, cultural, and geopolitical boundaries of the region. [Africa Writes Back to Self](#) Evan M.

Mwangi, 2010-07-02 The profound effects of colonialism and its legacies on African cultures have led postcolonial scholars of recent African literature to characterize contemporary African novels as first and foremost responses to colonial domination by the West. In *Africa Writes Back to Self*, Evan Maina Mwangi argues instead that the novels are primarily engaged in conversation with each other, particularly over emergent gender issues such as the representation of homosexuality and the disenfranchisement of women by male-dominated governments. He covers the work of canonical novelists Nadine Gordimer, Chinua Achebe, Ngugi wa Thiong'o, and J. M. Coetzee, as well as popular writers such as Grace Ogot, David Maillu, Promise Okeke, and Rebeka Njau. Mwangi examines the novels' self-reflexive fictional strategies and their potential to refigure the dynamics of gender and sexuality in Africa and demote the West as the reference point for cultures of the Global South.

[Routledge Handbook of African Literature](#) Moradewun Adejunmobi, Carli Coetzee, 2019-03-13 The turn of the twenty-first century has witnessed an expansion of critical approaches to African literature. *The Routledge Handbook of African Literature* is a one-stop publication bringing together studies of African literary texts that embody an array of newer approaches applied to a wide range of works. This includes frameworks derived from food studies, utopian studies, network theory, eco-criticism, and examinations of the human-animal interface alongside more familiar discussions of postcolonial politics. Every chapter is an original research essay written by a broad spectrum of scholars with expertise in the subject, providing an application of the most recent insights into analysis of particular topics or application of particular critical frameworks to one or more African literary works. The handbook will be a valuable interdisciplinary resource for scholars and

A New Generation of African Writers Brenda Cooper, 2013 Brenda Cooper examines the work of the new generation of African writers who have placed migration as central to their writing There is a growing interest in books by writers of African origin These authors have often grown up or passed their early adult years out of Africa The Orange Prize for Fiction was awarded in London 2007 to Chimamanda Ngozie Adichie's *Half of a Yellow Sun* and the Caine Prize for African Writing has introduced new writers such as Leila Aboulela Biyi Bandele and Chimamanda Adichie herself to agents and publishers This examination of the extraordinary work which has recently appeared is therefore very timely Migration is a central theme of much African fiction written in English Here Brenda Cooper tracks the journeys undertaken by a new generation of African writers their protagonists and the solid objects that populate their fiction to depict the material realities of their multiple worlds and languages She explores the uses to which the English language is put in order to understand these worlds and demonstrates how these writers have contested the dominance of colonising metaphors The writers' challenge is to find an English that can
