Boo Baby Boo! Clara Vulliamy,1994      **Wake Up and Open Your Eyes** Clay McLeod Chapman,2025-01-07 Clay McLeod Chapman is one of my favorite horror storytellers working today Jordan Peele Surreal hypnotic unrelenting profoundly claustrophobic and an absolutely scathing send up of the pitfalls of American divisiveness Keith Rosson author of *Fever House* From master of horror Clay McLeod Chapman a relentless social horror novel about a family on the run from a demonic possession epidemic that spreads through media Noah has been losing his polite Southern parents to far right cable news for years so when his mother leaves him a voicemail warning him that the Great Reawakening is here he assumes it s related to one of her many conspiracy theories But when his phone calls go unanswered Noah makes the drive from Brooklyn to Richmond Virginia There he discovers his childhood home in shambles and his parents locked in a terrifying trancelike state in front of the TV Panicked Noah attempts to snap them out of it Then Noah s mother brutally attacks him But Noah isn t the only person to be attacked by a loved one Families across the country are tearing each other apart literally as people succumb to a form of possession that gets worse the more time they spend glued to a screen In Noah s Richmond based family only he and his young nephew Marcus are unaffected Together they must race back to the safe haven of Brooklyn but can they make it before they fall prey to the violent hordes This ambitious searing novel from one of horror s modern masters holds a mirror to our divided nation and will shake readers to the core      *My Diary P.S.
