Purchase of women: the great economic blunder Elizabeth Blackwell, 1887 **Platform Echoes** John Bartholomew
Gough, 1893 **The Psychology of Criminal Conduct** Ronald Blackburn, 1998-09-03 Taken from published reviews Dr
Blackburn has written a remarkably good book indeed the best book on the topic from either side of the Atlantic I have read
the breadth of the author's knowledge is nothing short of encyclopaedic Not only psychology developmental and social as
well as clinical but also psychiatry biology philosophy and law are addressed in this volume Finally the book is written with
clarity economy and a lucid style It is as inviting and user friendly as any work of such complexity can be I hope that it will
find its way into psychiatry residency training programmes as well It could do wonders for replacing turf battles with
common ground Criminal Behaviour Mental Health The scholarly breadth and accuracy of this work are remarkable There
seems to be no important contribution to our psychological understanding of crime which Blackburn has omitted to discuss
including those approaches from sociological and social psychology which are frequently neglected in straightforward
psychological treatments Moreover all approaches are intelligently and sympathetically discussed Expert Evidence The
volume is infused with the author's enthusiasm for a social cognitive perspective on offending behaviour but he also robustly
defends the utility of the notion of personality traits Overall this book brings together a vast array of research and theory
examined from the perspective of the clinician involved with the individual It will almost certainly become the key
background text for post graduate courses teaching forensic psychology and would be a valuable addition to the bookshelf of
any clinician with forensic concerns Clinical Psychology Forum This is undoubtedly an important book The end result is a
book of excellent quality which I recommend most warmly to clinical psychologists and indeed to anybody who is interested
in criminological psychology Behaviour Research and Therapy This author is to be congratulated for having produced this
impressive volume It provides a comprehensive review which is critical yet well balanced It assumes no prior familiarity with
the field and specialists from many different disciplines will learn a great deal from it Criminal Law Review Platform
