

## 1.2 REPERTORY

The word "repertory" means a storehouse, repository, store or collection, especially of facts or information. The word originated from the Latin word *repertorium* (or *repertire*), which means "an inventory, a table or a compendium where the information is so arranged that it is easy to find." But the word 'repertoire' in French means performer's or company storehouse. [\* In the 18th century, 'repertorium or 'repertire' meant armamentarium where armaments were arranged in a fixed, definite order at right places, so that one can find the needed weapons with ease.]

### DEFINITION

Repertory is a systematically and logically arranged index to the homoeopathic materia medica, which is full of information collected from toxicology, drug proving and clinical experience. The repertory helps us to find out the required symptoms, together with the medicine or a group of medicines having different grades. It is a connecting link between the materia medica and disease.

### WHERE TO USE REPERTORY

1. Chronic cases where several remedies seem to cover the picture
2. Mismanaged cases
3. Cases which do not show clear picture and related group of remedies
4. To trace out the probable sequence of remedies that
