Higher Education with Students Vincent C. H. Tong, Alex Standen, Mina Sotiriou, 2018-03-06 Forging closer links between university research and teaching has become an important way to enhance the quality of higher education across the world. As student engagement takes centre stage in academic life, how can academics and university leaders engage with their students to connect research and teaching more effectively? In this highly accessible book, the contributors show how students and academics can work in partnership to shape research-based education. Featuring student perspectives, it offers academics and university leaders practical suggestions and inspiring ideas on higher education pedagogy, including principles of working with students as partners in higher education, connecting students with real-world outputs transcending disciplinary boundaries in student research activities, connecting students with the workplace and innovative assessment and teaching practices. Written and edited in full collaboration with students and leading educator-researchers from a wide spectrum of academic disciplines, this book poses fundamental questions about learning and learning communities in contemporary higher education.

Laurie and Claire Kathleen Rowntree, 1996 When they were children at Fosco, an enduring unbreakable bond was forged between Laurie Stone and Claire Haddingham. Tested by dawning adulthood, their bond mutually supportive and emotionally intense, showed every sign of prevailing. Given a compromise or two, for neither Claire nor Laurie a talented TV performer and everyone's favourite party guest, despite his hidden conflicts, could Claire contemplate life without the other. But then Lydia arrived on the scene. Strong and bold, Lydia's style of beauty, hers was not the soft and gentle kind. Danger filled the house, Claire felt this most surely. It emanated from Lydia's air of malign purpose. Claire had long observed in herself a capacity for ruthlessness where her love for Laurie was concerned. The question became how far would she go? Laurie and Claire is a passionate story of obsessional love in which the conflicting drives of sexuality and loyalty are played out against a background of growing menace. Potent as a dream, it delights and shocks as it conveys the reader into the minds and desires of Laurie and Claire and Lydia.

Stacking the Deck (Betting on Romance, Book 2) Cheri Allan, 2014-10-21 Who said coming home is easy? Liz Beacon has life all planned out, prioritized, color-coded and cross-referenced. She long ago traded in the geeky high school nickname 'teenage pounds' and dysfunctional family for a fab career, killer abs, and a man every woman would envy. Okay, so her sex life is non-existent and her almost-fiancé is technically a coworker. Life, if not perfect, is still on track. But then Liz is called home to Sugar Falls, NH, to prepare her childhood home for sale. She's spent ten years denying her insecurities and hokey lawn-ornament roots. There's nothing she'd rather do less than face all she happily left behind, including her embarrassingly one-sided high school crush, Carter McIntyre. Carter has sailed through life on his winsome smile and by the skin of his teeth. A college drop-out with ADHD, he's learned it's safer to play the carefree charmer than step up and take over his uncle's landscaping business. But then his class valedictorian returns to Sugar Falls and hires him for some home improvements. Now Carter's wondering if it's too late to grow up, take a chance, and win over the only girl who ever believed in him. Mild sexual content. Mild language. No violence. *The*
